6. Pursuant to the amendments in the SEBI LODR and subsequent notification issued by SEBI, except in case of transmission or transposition of securities, requests for effecting transfer of securities shall not be processed unless the securities are held in the dematerialized form with a depository. In this regard, SEBI has clarified by a Press Release No. PR/No: 12/2019 dated 27th March, 2019, that the said amendments do not prohibit an investor from holding the shares in physical form and the investor has the option of holding shares in physical form even after 1st April, 2019. However, any investor who is desirous of transferring shares (which are held in physical form) after 1st April, 2019 can do so only after the shares are dematerialized. However, requests for transfer of shares held in physical mode, as filed in Form SH-4, prior to 1st April, 2019 and returned to the investors due to deficiency in the documents, may be re-submitted for transfer even after 1st April, 2019 provided it is submitted along with the necessary documents including PAN card details. In exceptional cases, the transfer of physical shares is subject to the procedural formalities as prescribed under SEBI Circular No. SEBI/HO/MIRSD/DOS3/CIR/P/2018/139 dated 6th November, 2018.
7. Members holding shares in physical form are requested to notify change of address, if any, along with address proof i.e. Voter Identity Card, Aadhaar Card, Electric/Telephone Bill, Driving License, Passport and Bank Statement to the Registrar and Share Transfer Agent. In case the shares are held in dematerialised form, then this information should be passed onto the respective Depository Participant(s) and not to the Registrar and Share Transfer Agent.
- 20. Procedure for registering e-mail addresses to receive this Notice electronically and cast votes electronically:**
 - a) Members who have not registered their e-mail address are requested to register the same in respect of shares held in electronic form with the Depository through their Depository Participant(s) and in respect of shares held in physical form by writing to the Company's Registrar and Share Transfer Agent, CB Management Services (P) Ltd. at rta@cbmsl.com.
 - b) E-mail addresses of Members as advised to Registrar and Share Transfer Agent where shares are held in physical mode or registered with Depositories where shares are held in the electronic mode will be deemed to be the Member's registered e-mail address for serving Company documents / notices as per provisions of the Act and the instructions of the Ministry of Corporate Affairs until and unless otherwise informed. Members intending to refresh / update their e-mail addresses should do so as soon as possible.
 - c) Alternatively, Members may also send an e-mail request to evoting@nsdl.co.in along with the following documents for procuring User Id and Password and registration of e-mail addresses for e-Voting for the Resolutions set out in this Notice:
 - In case shares are held in physical form, please provide Folio No., Name of the shareholder, scanned copy of the share certificate (front and back), self- attested scanned copy of PAN card, self-attested scanned copy of Aadhaar Card.

8. Members holding Shares, in physical form, in identical order of names in more than one Folio, are requested to write to the Registrar and Share Transfer Agent enclosing the relevant Share Certificates requesting consolidation of such Folios into one Folio for their own convenience.
9. As per the provisions of the Act, the facility for making / varying / cancelling nominations is available to individuals holding shares in the Company. Nominations can be made in Form SH-13 and any variation / cancellation thereof can be made by giving notice in Form SH-14, prescribed under the Companies (Share Capital and Debentures) Rules, 2014 for the purpose. The Forms can be obtained from the Registrar and Share Transfer Agent or from the Website or the Ministry of Corporate Affairs at www.mca.gov.in.
10. (a) Pursuant to the provisions of Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("The Rules") notified by the Ministry of Corporate Affairs effective 7th September, 2016, all shares in respect of which dividend has not been paid or claimed by the shareholders for seven consecutive years or more would be transferred to the Investor Education and Protection Fund (IEPF) Suspense Account. The Company has no such shares on which dividend has not been claimed or paid for a consecutive period of seven years.

Notice (Contd.)

- (b) The Members / claimants whose shares, unclaimed dividend etc. have been transferred to the Fund may claim the shares or apply for refund by making an application to IEPF Authority in Form IEPF-5 (available on iepf.gov.in) along with requisite fees. The Member / claimant can file only one consolidated claim in a Financial Year as per IEPF Rules.
- (c) Members are requested to claim their unclaimed shares lying with the Company by sending proper documentary evidence to establish their bona fides. Till such claim, as per Para E in Schedule VI of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, voting rights on such shares shall remain frozen.
11. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) for all securities market transactions. Thereafter, it was clarified vide Circular no. MRD/DOP/Cir-05/2009 dated 20th May, 2009 that for securities market transactions and off market transactions involving transfer of shares in physical form of listed companies, it shall be mandatory for transferee(s) to furnish a copy of PAN Card to the Registrar and Share Transfer Agent for registration of such transfer of shares. SEBI on 28th March, 2018, decided that except in case of transmission or transposition of securities, requests for effecting transfer of securities shall not be processed unless the securities are held in the dematerialized form with a depository. This measure was to come into effect from 5th December, 2018 but the deadline was extended and the aforesaid requirement of transfer of securities only in demat form has come into force from 1st April, 2019. Hence, Members holding shares in the electronic form are requested to submit their PANs to their Depository Participant(s) with whom they maintain their Demat Accounts. Members holding shares in physical form should submit their PAN details to the Registrar and Share Transfer Agent.
 12. Persons, who have acquired Shares and become Members of the Company after despatch of the Notice for the AGM, but before the cut-off date, may obtain the Login ID and Password by sending a request at evoting@nsdl.co.in or acpl.compliance@gmail.com. However, Members already registered with NSDL for remote e-Voting can use their existing User ID and Passwords for casting their votes. If a Member has forgotten her / his password, she/ he can reset her/ his password by using “Forgot User Details / Password” option available on www.evoting.nsdl.com or contact NSDL at the following toll free No.: 1800-222-990.
 13. Voting rights of Members shall be in proportion to their share in the Company’s Paid-up Equity Share Capital as on the **cut-off date**.
 14. M/s Anant Kashliwal, Practicing Chartered Accountant, Guwahati (Membership No. 302972, FRN: 328654E), has been appointed as the Scrutinizer to enable the voting of AGM and remote e-Voting processes to be conducted in a fair and transparent manner.
 15. The Chairman / person shall, at the end of discussion on the Resolutions on which voting are to be held, allow e-Voting for those Members present at the AGM but have not cast their votes through the remote e-Voting facility.
 16. The Scrutinizer shall after the conclusion of voting at the AGM, first count the votes cast at the Meeting and thereafter unblock the votes cast through remote e-Voting in the presence of at least two witnesses not in the employment of the Company and shall make, not later than three days of the conclusion of the AGM, a consolidated Scrutinizer’s Report of the total votes cast in favour or against, if any, to the Chairman / person of the Meeting or a person authorised by him / her in writing, who shall countersign the same and declare the results of the voting forthwith.
 17. The Results declared along with the Report of the Scrutinizer shall be placed on the website of the Company www.assamcarbon.in and on the website of NSDL www.evoting.nsdl.com immediately after the declaration of result by the Chairman / person of the Meeting or the person authorised by him / her in writing. The results shall also be simultaneously communicated to the Calcutta Stock Exchange Ltd.
 18. On receipt of the requisite number of votes, the Resolutions shall be deemed to have been passed on the date of the Annual General Meeting.
 19. The register of Members shall remain closed from 24th September, 2021 to 30th September, 2021 (both days inclusive) for the purpose of AGM.

Re: Item 5

Pursuant to a Share Purchase Agreement dated 12.04.2016 the erstwhile Promoters of the Company i.e., Morgan Advanced Materials PLC had sold their entire shareholdings to Mr. Rakesh Himatsingka ('Acquirer').

Subsequently the Acquirer along with Mr. Shaurya Veer Himatsingka, Mrs. Anita Himatsingka and Miss. Maalika Himatsingka made an Open Offer under SEBI (SAST) Regulations, 2011 and has effected change in control and management in their favour and has been designated as the new Promoters of the Company resulting in a complete change, in the control of the Company.

Mr. Rakesh Himatsingka has been associated with the Company since 1974, as a Director on the Board as well as a management trainee. Subsequently, from 1975 to 1977, Mr. Himatsingka was with the Company's Financial & Technological JV partners Morganite Electrical Carbon Ltd., and was instrumental in the safe and timely transfer of technology from Morgans to the Company.

Subsequently, upon his return to India in 1977, Mr. Himatsingka was appointed as the Deputy Managing Director, and in around 1981 as the Joint Managing Directors.

Mr. Himatsingka continued in this role till 1982, when he moved out of executive responsibilities remaining only as a member of the Board.

Keeping in mind Mr. Himatsingka's vast Technical knowledge of our industry, when our JV partners Morgans, took majority control of the Company towards end 1991, Mr. Himatsingka was appointed on the Board of MECL, Swansea, UK, Morgans Flagship Carbon Company, and he continued till 2003, when the Board of MECL was dissolved.

Since, taking over with his very vast knowledge of our Carbon technology and under his dynamic leadership and guidance our Company has totally turned around and has been achieving profits successively year after year.

Under his able leadership balancing of Plant and Machineries, refurbishing old equipment and addition of new equipments and machineries with a view to optimizing production through modernization, modernization of Plants, was undertaken on top priority basis and so was production planning and optimization of raw materials procurement and stocks.

Since, then valued contribution are continuously being made by Mr. Rakesh Himatsingka, Non-Executive Chairman of the Board and through his active participation, the Company has been progressing over the years. The rich experience of Mr. Rakesh Himatsingka in engineering, business, management and administration has led to the company taking bold and well planned decisions furthering the growth and profitability.

Hence, it is appropriate that the services being rendered by him to the Company are being recognized by way of remuneration. In accordance with the provisions of Section 197 of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, remuneration by way of commission up to 1% of the net profits, may be paid to Mr. Rakesh Himatsingka, subject to the approval of the Shareholders of the Company.

Notice (Contd.)

Based on the recommendations received from the Nomination & Remuneration Committee, the Board of Directors at their meeting held on 29th June, 2021, had unanimously approved the payment of remuneration, to Mr. Rakesh Himatsingka, by way of commission up to 1% of the net profits, which amounts to Rs.5,40,000/-, which exceeds fifty per cent of the total annual remuneration payable to all non-executive directors of the Company.

The Board of Directors recommends the Special Resolution, as set out at Item No.5 of the Notice, for approval by the Members

Memorandum of Interest:

Concerned Director is interested in the resolution being related to his own payment. Apart from him, Ms. Maalika Himatsingka, Director (DIN: 07811394) being the daughter of Mr. Rakesh Himatsingka (DIN: 00632156) and Mrs. Anita Himatsingka, Director (DIN: 01201879) being the spouse of Mr. Rakesh Himatsingka may be considered as interested parties in this resolution. Mr. Shaurya Veer Himatsingka, one of the Promoters and shareholders of the Company, being the Son of Mr. Rakesh Himatsingka may also be treated as interested party in this resolution. Other than the aforesaid, none of the Directors of the Company and / or Key Managerial Personnel and their relatives are in any way concerned or interested in the aforesaid resolution as set out at Item No. 5 of the Notice, except to the extent of their shareholding(s), if any, in the Company.

Directors' Report

3. OPERATIONS AND STATE OF COMPANY'S AFFAIRS

During the year under review, revenue from operations of the Company decreased to Rs. 4140.92 Lacs as compared to Rs. 4844.29 Lacs in the previous year. The year 2020-21 was a highly volatile and challenging year. Covid-19 changed almost every aspect of human lives in ways never imagined. The economic toll from the pandemic was unprecedented. Operational challenges mounted due to restricted movement and disrupted supply lines. As the Covid-19 cases continued to rise exponentially, the economy declined sharply. Our focus was on our people's health & safety, ensuring uninterrupted supplies of Covid-19 relevant portfolio, meeting the demand of consumers arising out of changed behaviour and needs, caring for the communities in which we operate, preserving cash and protecting our business model.

However, in spite of this decrease in the Turnover, the Company was able to close the year with a profit of Rs. 542.19 Lacs (before provision of tax) as against a previous year's profit of INR 1079.68 Lacs. This decrease in the profits was mainly due to lower turnover due to Covid-19 and much higher expenses mainly due to Covid related issues in keeping factories totally Covid protocol complaint and paying full wages salaries etc.

During the year the Indian Railways operated to only around 40%~50% of its capacity and Railways Orders were down by 88% as compared to the previous year. Similar was the effect on Companies all other products resulting in this drop in production and sales by 31% and 14.5% respectively.

During the year, your Company incurred a forex gain of Rs. 0.91 Lacs only as compared to a forex gain of Rs. 0.61 Lacs in the previous year, basically as a result of better management of the forex transactions, in spite of relative instability in the forex market in this financial year.

During the year, your Company achieved an export sales of Rs. 63.10 Lacs as against Rs. 73.88 Lacs in the previous year. However, the management has taken strong initiative and is confident that it will pick-up in the coming years.

During the year, your Company has further worked actively towards rationalizing its business and product portfolio, whilst adding new product lines, to better utilise the available talent and resources and stay abreast of the market dynamics in new products.

Exercise commenced three years back for cost cutting, savings in power and fuel as well as improving efficiency and productivity continued relentlessly and is helping the Company reap rich dividends.

Balancing of Plant and Machineries, refurbishing old equipment and addition of new equipments and machineries with a view to optimizing production through modernization, was undertaken on top priority as was production planning and optimization of raw materials procurement and stocks, which continued this year too.

4. FUTURE OUTLOOK

The year 2020-21 has been challenging for each one of us. The Covid-19 pandemic has had a significant impact on lives, livelihoods, and the business. Operational challenges mounted due to restricted movement and disrupted supply lines during the first few months of the pandemic. As the second wave of the pandemic unfolds with predictions of a third wave in the offing, our focus continues to be on our people's health & safety, ensuring uninterrupted supplies of Covid relevant portfolio, meeting the demand arising out of evolving consumer needs, caring for the communities in which we operate, and finally, protecting our business model.

The Indian government is undertaking several initiatives to upgrade its aging railway infrastructure and enhance its quality of service. The Railway Ministry has announced plans to invest Rs.5,000,000 crore (US\$700 billion) to upgrade the railways by 2030. Upgrades include 100% electrification of railways, upgrading existing lines with more facilities and higher speeds, expansion of new lines, upgrading railway stations, introducing and eventually developing a large high-speed train network interconnecting major cities in different parts of India and development of various dedicated freight corridors to cut down cargo costs within the country.

However, this has come about at a very high cost for the Company as the Indian Railways have tremendously accelerated the phasing out of the DC Locomotives (Brush users) by AC Locomotives (Brushless Motors). This shall make a dent of over 40%~50% of the Companies Business.

However, anticipating such a move, New Business Opportunities with significant potential for growth, have been identified and new customers inducted, which will contribute significantly to the top and bottom line of the Company going forward.

Directors' Report *(Contd.)*

Further, in view of the substantial addition to the ongoing business, Company's expansion in Mechanical Carbons, especially for Radial Bearings & Vanes was moving rapidly and for which several new high precision machines have and are being acquired. Some machines have already been bought, both domestically as well as imported and this will be an ongoing process, to keep up with the rapidly growing demand.

In the financial year 2021-22 — the GDP is expected to grow back to Rs 146 trillion after registering a growth of 8.3%. This would mean that, in terms of overall economic production, India would have lost two full years of growth. For instance, if there was no Covid disruption and India grew by even 6% in both these years, the total GDP would have reached the level of Rs 164 trillion — that is, Rs 18 trillion more than where India is likely to end up now.

5. OVERSEAS SUBSIDIARIES

In order to expand the operations of the Company and to explore the prospects of its products in the foreign markets, the Company had incorporated a Wholly Owned Subsidiary Company in United Kingdom on 13.05.2019 in the name and style of Assam Carbon Products UK Limited (ACUK). In view of the pandemic (Covid-19), the Company was unable to remit the initial subscription amount towards equity shares of ACUK. Also, ACUK was unable to commence any activity and no transaction was entered into since incorporation. ACUK, therefore, elected to treat itself as a dormant company under the UK Company Law vide resolution of the Board dated 25.06.20. No investment (financial commitment) was entered into by the Company.

Due to the continuity of the pandemic and uncertainty in future travels, the management decided to dissolve ACUK and necessary formalities for striking off the name in the Companies House records were made during the year. In view of the present facts, the Company was not required to prepare consolidated financial statements for the year ended 31 March 2021.

6. DIVIDEND

The Company is presently since the last over 15 months been passing through a very turbulent phase due to the ongoing Pandemic. In fact, even prior to the pandemic, Company's main customer, viz., the Indian Railways took a decision to drastically cut down their offtake and the pandemic further exaggerated the situation. The Indian Railways in the last 15 months have cut their off take by nearly 60% of the company's product, resulting in a huge shortfall in the turnover and profitability. As against a forecast turnover for year ending Mar. 21 of around Rs. 58 Crores, the company with max efforts was able to achieve a turnover of Rs. 41 crores, and correspondingly a massive drop in profits.

The Company has now no other alternative but to rapidly change its product portfolio requiring significant Capital Expenditure. There has also been massive loss of productive manhours at both the factories due to the pandemic induced lockdowns as well as illness of a number of persons, and continuing till date, resulting in massive loss of production. In spite of the same, the company has paid its workmen their full salaries and has spent additional Lakhs of Rupees in Covid precautions protocol, and continues to do so.

In view of the above, the Board of Directors decided not to declare any Dividend payment for the Financial year 2020-21 in order to conserve Cash.

9. STATUTORY AUDITORS' AND THEIR REPORT

M/s. D. Basu & Co., Chartered Accountants (Regd. No.: 301111E) was already appointed as the Statutory Auditors of the Company at its 57th Annual General Meeting held on 29.09.2020 for a tenure of 5 (five) years pursuant to the provisions of Section 139(2) and the Companies (Audit & Auditors) Rules, 2014 (including any Statutory modifications or re-enactment thereof for the time being in force). Their tenure ends at the Annual General Meeting of the Company to be held in the year 2025.

The observations made in the Auditors' Report read together with relevant notes thereon are self-explanatory and therefore, do not call for any further explanations or comments.

Statutory Auditors of the Company has drawn attention to Note 26(A)(iii) to the Ind AS Financial Statements as a key Audit

Directors' Report (Contd.)

matter, wherein it is stated that the Company has not established a provision for employee wages and benefits, for the lock out period at the Company's Guwahati Factory from 7 December 2010 to 8 March 2012, on the principle of 'No Work No Pay'. They had further stated that as the matter is currently subjudice and hence the impact, if any, in terms of provision of employee wages and employee benefits and its resultant impact on profit for the year ended 31 March 2021, reserves and surplus and current liabilities, cannot currently be determined.

With regard to the Statutory Auditor's qualified opinion in Note 26(A)(iii) to the Ind AS Financial Statements, in the opinion of the Management, the issue of payment of back wages during the period of strike / lock-out at the Company's Guwahati Unit employees effective from 7th December 2010 to 8th March 2012 has been referred to appropriate authorities. However, the Company, on the principle of 'No Work No Pay', has neither ascertained nor made any provision for payment of such wages and other employee benefits for the period of strike and lock out. The matter is currently subjudice.

37. INDUSTRIAL RELATIONS

As reported for the previous year, the industrial relations at Guwahati factory continues to remain strained. Low productivity, indiscipline and absenteeism continued to be a great cause for worry. In spite of all such positive steps from Management's side, the cooperation and productivity from the workmen isn't forthcoming as expected.

Even though the Company wasn't obliged to, but expecting that it would be a huge motivator, the Charter of Demands of 2015 and 2018 were resolved and the workmen received the revised wages as per agreement and appointment of 17 nos of Trainee workmen was also effected, even though the Company was in no position to increase its workmen numbers. However, most regrettably in spite of assurances there has been no improvement in the attitude and / or productivity by the workmen.

In spite of the above and with respect to our Guwahati Unit, overall Industrial Relation is cordial. No untoward incidence is reported from any quarters during this period. New COD is due from 01.03.2021. Negotiation not started yet.

With respect to our Patancheru Unit, there are no IR issues in our Patancheru factory as on date. The wage agreement with union is due from Jan 2020. Union has submitted fresh Charter of Demands for the period 01.01.2020 to 31.12.2022. Negotiations is almost final and expected to complete soon.

Note: (*) In order to expand the operations of the Company and to explore the prospects of its products in the foreign markets, the Company had incorporated a Wholly Owned Subsidiary Company in United Kingdom on 13.05.2019 in the name and style of Assam Carbon Products UK Limited (ACUK). In view of the pandemic (Covid-19), the Company was unable to remit the initial subscription amount towards equity shares of ACUK. Also, ACUK was unable to commence any activity and no transaction was entered into since incorporation. ACUK, therefore, elected to treat itself as a dormant company under the UK Company Law vide resolution of the Board dated 25.06.20. No investment (financial commitment) was entered into by the Company.

Due to the continuity of the pandemic and uncertainty in future travels, the management decided to dissolve ACUK and necessary formalities for striking off the name in the Companies House records were made during the year. In view of the present facts, the Company was not required to prepare consolidated financial statements for the year ended 31st March, 2021.

Management Discussion and Analysis Report

INDUSTRY STRUCTURE & DEVELOPMENT

Assam Carbon Products Limited is the market leader in the production of Electrical, Mechanical & Speciality Carbon Materials and the product range includes various kinds of Blocks & Blanks produced from Carbon, Metal and Graphite. From these blocks and blanks, the Company is fabricating industrial products such as, Carbon Brushes, Current Collectors for the Railways, City Metros, Carbon and Graphite Seals, Bearings and several other Mechanical and Speciality Carbon Materials for other industrial applications across all sorts of industries from Steel to Cement, Aluminium, Power Plants, Sugar Mills, Paper Plants, Mining, Chemical Plants, Agricultural machinery, etc

Another major product range represents the Electric Current Collectors which are used by Electric Locomotives to carry electrical power from overhead lines used on intercity rail network or electrical third rails to the electrical equipment of the vehicles, used for the Metro/ underground rail network within the cities.

On the other hand Mechanical Carbon products are suitable for high temperature, lubrication, chemical inertness, dimensional stability / impermeability and the product range includes Radial Bearings, Thrust Bearings, Mechanical Seals, Piston Rings, Packing and Vanes.

Year 2020 was a highly volatile and challenging year. Covid-19 changed almost every aspect of human lives in ways never imagined. The economic toll from the pandemic was unprecedented. Operational challenges mounted due to restricted movement and disrupted supply lines. As the Covid-19 cases continued to rise exponentially, the economy declined sharply. Our focus was on our people's health & safety, ensuring uninterrupted supplies of Covid-19 relevant portfolio, meeting the demand of consumers arising out of changed behaviour and needs, caring for the communities in which we operate, preserving cash and protecting our business model.

The global economic recovery continues, but with a widening gap between advanced economies and many emerging markets and developing economies. The International Monetary Fund (IMF) has sharply scaled down India's economic growth projection by 300 basis points to 9.5 per cent for the current financial year from 12.5 per cent estimated earlier in April. IMF's projections for India in the current fiscal are similar to the Reserve Bank of India's (RBI's), but moderately optimistic than those of World Bank. However, IMF sees India's gross domestic product (GDP) growing by 8.5 per cent, 160 basis points higher than its earlier projection, in the next financial year (FY23). Should that happen, India would become the most rapidly expanding large economy in the world with the closest competitor, China, is projected to grow by 5.7 per cent.

OPPORTUNITIES & THREATS

Your Company constantly examines the opportunities and threats that exist in its business and already has plans to exploit the opportunity available going forward as well as equipped to handle threats.

Opportunities

The Company's product range includes Electrical Carbon Materials, Mechanical Carbon Materials, Current Collectors and other Speciality Carbon Products.

The Indian government is undertaking several initiatives to upgrade its aging railway infrastructure and enhance its quality of service. The Railway Ministry has announced plans to invest Rs.50 Lac Cr (US\$700 billion) to upgrade the railways by 2030. Upgrades include 100% electrification of railways, upgrading existing lines with more facilities and higher speeds, expansion of new lines, upgrading railway stations, introducing and eventually developing a large high-speed train network interconnecting major cities in different parts of India and development of various dedicated freight corridors to cut down cargo costs within the country.

Research Design and Standards Organisation (RDSO) is undertaking all research, designs and standardisation work for modernisation, National High Speed Rail Corporation Limited (NHSRCL) is overlooking the implementation of high-speed train programs across the country, Dedicated Freight Corridor Corporation of India (DFCCI) is the agency undertaking development of freight corridors around the country and Indian Railway Stations Development Corporation (IRSDC) is engaged in railway stations upgrade and development programs.

This augurs very well for the Company, as this investment will reflect the increase in the operation of the Indian Railways, which will directly result in significant increase in the demand for the Company's product. With the revamped plant and cost effective production, the Company is expected to achieve a higher turnover and profitability in the years to come.

Management Discussion and Analysis Report

Threats

1. The COVID-19 pandemic will directly impact the revenue for the current financial year since the operation of the Indian Railways are under total suspension and several other industries have lost between 15 and 40 % of their output.
2. Conversion of DC motor to brushless AC motor in Locomotives and Power plants.
3. Price war for tender business.

SEGMENT-WISE/PRODUCT-WISE PERFORMANCE

Company has achieved a gross revenue from operation amounting to Rs.41.41 Crore as against Rs.48.44 Crore in the last financial year, a decrease of 14.51% as compared to the previous financial year. The decrease is mainly due to economic slowdown on account of Covid-19.

Sale of Electrical segment has contributed 45% to the top line as against 56% in the previous fiscal, whilst the Mechanical & Speciality Carbon segment witnessed a share of 55% as against 44% in the previous year. This is as per Company's planning as the electrical Carbon segment globally is slowing down, and in the years ahead the Company will be more and more concentrating upon the mechanical and specialty segments.

During the year the Indian Railways operated to only around 40%~50% of its capacity and Railways Orders were down by 88% as compared to the previous year. Similar was the effect on Companies all other products resulting in this drop in production and sales by 31% and 14.5% respectively.

Performance of the Company continues to improve due to various cost saving measures and operational efficiency measures initiated by the management, as well as rationalization of sales price, strict control on credit sales and staying away from loss making accounts.

OUTLOOK

The outlook for the Company continues to be optimistic based on the growth in the demand for the Company's products. The Company has already completed its first phase of upgradation and Modernization of its two factories, but with the fast paced change in our customers requirements this will be a continuous exercise. The Company is also exploring new growth opportunities as well as optimum utilization of its available resources, as well as constantly working towards improved productivity through further upgradation of Plant & Machinery where required, training of workmen, etc.

Constant efforts are on towards achieving savings, improving operational efficiency, increasing market share, optimum utilization of production capacities and customer's satisfaction.

The Management is optimistic about the growth and profitability of the Company.

RISKS & CONCERNS

Unforeseen/unmitigated technology obsolescence, the emergence of competing technologies would impact the Company's business and its ability to deliver on its strategic goals.

The advanced technological nature of the Company requires people with highly differentiated skill sets. Any inability to recruit, retain and develop the right people would impact the Company's ability to achieve its strategic goals.

Supplying into critical applications, the quality of the Company's contracts must match the quality and nature of its products. Ineffective contract risk management could result in significant liabilities for the Company and damage customer relationships.

INTERNAL CONTROL SYSTEM & THEIR ADEQUACY

The Company has proper and adequate internal control system commensurate with its size and nature of business. It ensures that all assets are safeguarded and protected against improper use and that transactions are authorized, recorded and reported correctly.

Internal Audit is conducted by independent auditing firm at all locations of the Company. The internal audit reports are reviewed by the Audit Committee and adequate remedial measures are taken in time.

FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

During the year under review, revenue from operations of the Company closed at Rs. 4140.92 Lacs as compared to Rs. 4844.29

Management Discussion and Analysis Report (Contd.)

Lacs in the previous year which is a 14.51% reduction. This was mainly due to lockdown as per the directives of the Central / respective State Government(s) due to COVID 19 pandemic and economic slowdown thereof.

Despite several challenges issue faced by your Company such as low productivity, absenteeism, global economic slowdown, Foreign exchange price risk, cut throat internal competition due to dumping from China and reduction in the prices due to price war, your Company has been able to continue towards maintaining a decent profit.

HUMAN RESOURCES/INDUSTRIAL RELATIONS

The Company has always given prime importance to Human Resources. Continued efforts towards optimum manpower utilization are being made for reduction of cost and optimization of productivity. The Company continues to provide thrust on regular training programmes for upgradation of job knowledge and other related skills amongst its employees.

The total number of people employed in the organization as on 31.03.2021 was 222 as compared to 244 as on 31.03.2020.

Independent Auditors Report

To the Members of
Assam Carbon Products Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Assam Carbon Products Limited ('the Company'), which comprise the Balance Sheet as at March 31, 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), and Cash Flow Statement and the Statement of changes in Equity for the year then ended and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements, give the information required by the Act, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the IND AS, of the state of affairs as at March 31, 2021 and its Profit including other comprehensive income, its Cash Flow and changes in equity for the year ended on that date.

Basis of Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sl.	Key Audit Matter	Auditor's Response
1.	<p><i>Litigation – Contingencies</i></p> <p>Provision for employee wages and benefits for the lockout period at the factories of the company was not made based on the principles of 'No Work No Pay'. This might have an impact on the results, if the potential exposures were to materialise. The labour matter of Company's Guwahati factory is subjudice. Refer note 26A(iii).</p>	<p><i>Principal Audit Procedures</i></p> <p>Our audit approach was a combination of test of internal controls and substantive procedures. Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the shareholder information and Report of the Board of Directors & Management Discussion and Analysis, but does not include the financial statements and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134 (5) of the Companies Act.2013 ("the Act")

Independent Auditors Report (Contd.)

with respect to the preparation of these IND AS financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), cash flows and changes in equity of the Company in accordance with the Accounting principles generally accepted in India, including the Indian Accounting Standards (IND AS) specified under section 133 of the act read with rule 7 of the Companies (Accounts) Rules 2014. This responsibility also includes the maintenance of adequate accounting records in accordance with the provisions of the act for safeguarding the assets of the company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgment and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of IND AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Independent Auditors Report (Contd.)

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order 2016 ("the Order") as amended, issued by Central Government of India in terms of subsection(11) of Section 143 of the act, we give in the 'Annexure A', a statement on the matters specified in paragraphs 3 & 4 of the order.
2. As required by section 143(3) of the Act, based on our audit we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit & Loss including other comprehensive income, Cash Flow Statement and statement of changes in equity dealt with by this report are in agreement with the books of account;
 - (d) In our opinion the aforesaid IND AS financial statements comply with the Accounting Standards specified under section 133 of the act.
 - (e) On the basis of written representations received from the directors as on March 31,2021, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31,2021, from being appointed as a director in terms of sub section (2) of section 164 of the Act.
 - (f) With respect to the adequacy of the Internal Financial Controls over financial reporting of the company and operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197 (16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanation given to us, the remuneration paid by the company to its director during the year is in accordance with the provisions of section 197 of the act.
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies(Audit & Auditors) Rules 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Company has disclosed the impact of pending litigation on its financial position in its Ind AS financial statements in accordance with the generally accepted accounting practice – Refer Note 26 to the Ind AS financial statements.
 - ii) The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii) There were no amounts which were required to be transferred to the Investor's Education and Protection Fund by the company.

Annexure 'B' to the Independent Auditors Report

Annexure - B to the Independent Auditors' Report of even date on the Ind AS financial statements of Assam Carbon Products Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Assam Carbon Products Limited ("the Company") as of 31 March 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Annexure 'B' to the Independent Auditors Report

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Nature and Purpose of each reserve

Capital Redemption Reserve : The Act requires that where a Company redeems its Preference Shares, a sum equal to the nominal value of the shares so redeemed shall be transferred to a Capital Redemption Reserve. This can be applied by the Company in issuing fully paid Bonus Shares.

General Reserve : Under the eartswile Indian Companies Act, 1956 a General Reserve was created through an annual transfer of net profit at a specified percentage in accordance with applicable regulations. Consequent to the introduction of the Companies Act, 2013 these requirement has been withdrawn.

Retained Earnings: This reserve represents the cumulative profits of the Company. This reserve can be utilised in accordance with the provisions of the Companies Act, 2013.

Items of Other Comprehensive Income: This represents the effects of remeasurement of defined benefit obligations and fair value of equity instruments through OCI.

Notes to the Financial Statements for the year ended 31st March, 2021

1.A. ABOUT THE COMPANY

Assam Carbon Products Limited is a public company. It is incorporated under the Companies Act, 1956 and its shares are listed on the Calcutta Stock Exchange Limited. The Company is primarily engaged in manufacture of carbon products.

1.B. SIGNIFICANT ACCOUNTING POLICIES

i. Basis of preparation of financial statements

These financial statements have been prepared in accordance with Indian Accounting Standards (referred to as 'Ind AS') as per the Companies (Indian Accounting Standards) Rules, 2015, notified under Section 133 of the Companies Act, 2013 ('the Act') and other accounting principles generally accepted in India, to the extent applicable.

The financial statements are presented in Indian Rupees, which is the Company's functional and presentation currency and all the amounts are rounded off to nearest thousand (Rs. 000) except as stated otherwise.

ii. Use of estimates

The preparation of the financial statements in conformity with IND AS requires management to make estimates, judgments and assumptions. These estimates, judgements and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Differences between the actual results and estimates are recognised in the year in which the results are known / materialized and, if material, their effects are disclosed in the notes to the financial statements.

Key sources of estimation uncertainty

The following are the key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

1. Useful lives of property, plant and equipment

As described in the significant accounting policies, the Company reviews the estimated useful lives of property, plant and equipment at the end of each reporting period.

2. Fair value measurements and valuation processes

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. In estimating the fair value of an asset or a liability, the Company uses market-observable data to the extent it is available. Where Level 1 inputs are not available, the Company engages third party valuers, where required, to perform the valuation. Information about the valuation techniques and inputs used in determining the fair value of various assets, liabilities are disclosed in the notes to the financial statements.

3. Claims, Provisions and Contingent Liabilities

In case of any ongoing dispute / litigation, where an outflow of funds is believed to be probable and a reliable estimate of the outcome of the dispute can be made based on management's assessment of specific circumstances of each dispute and relevant external advice, management provides for its best estimate of the liability. Such accruals are by nature complex and can take number of years to resolve and can involve estimation uncertainty.

4. Actuarial Valuation

The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in other comprehensive income. Such valuation depend upon assumptions determined after taking into account inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market. Information about such valuation is provided in notes to the financial statements.

iii. Current – non current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of operations, the Company has ascertained its operating cycle for the purpose of current – non current classification of assets and liabilities as 12 months.

All assets and liabilities are classified into current and non-current.

Notes to the Financial Statements for the year ended 31st March, 2021 (Contd.)

Assets

An asset is classified as current when it satisfies any of the following criteria:

- a. it is expected to be realised in, or is intended for sale or consumption in, the company's normal operating cycle;
- b. it is held primarily for the purpose of being traded;
- c. it is expected to be realised within 12 months after the reporting date; or
- d. it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets.

All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- a. it is expected to be settled in the company's normal operating cycle;
- b. it is held primarily for the purpose of being traded;
- c. it is due to be settled within 12 months after the reporting date; or
- d. the company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities.

All other liabilities are classified as non-current.

iv. **Fair Value Measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Company categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed in their measurement which are described as follows:

- a. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities
- b. Level 2 inputs are inputs that are observable, either directly or indirectly, other than quoted prices included within level 1 for the asset or liability.
- c. Level 3 inputs are unobservable inputs for the asset or liability.

v. **Property Plant and Equipment**

Freehold land is carried at historical cost. All other items of Properties plant and equipment are stated at their cost of acquisition (net of input credit) or construction and are net of accumulated depreciation. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in statement of profit or loss as incurred.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

Spares that can be used only with particular items of plant and machinery and such usage is expected to be irregular are capitalised.

Fixed assets under construction are disclosed as capital work in progress.

Depreciation

Depreciation on property plant and equipment commences when the assets are ready for their intended use.

Depreciation on tangible fixed assets is provided under straight line method over useful lives of fixed assets, as estimated by the management. Useful lives so estimated are in line with the useful lives indicated by Schedule II to the Companies Act, 2013. Depreciation on additions/ deletions is provided on pro rata basis in the year of purchase/ disposal.

The residual values, useful lives and method of depreciation of are reviewed at each financial year end and adjusted prospectively, if appropriate.

Notes to the Financial Statements for the year ended 31st March, 2021 (Contd.)

vi. Intangible fixed assets

Intangible assets are stated at their cost of acquisition net of amortisation. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.

Application software is amortised over the estimated economic useful life of 6 years.

The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly.

vii. Impairment of non-financial Assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss.

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the assets carrying amount does not exceed the carrying amount that would have been determined net of depreciation or amortisation, if no impairment loss had been recognised.

viii. Financial Instruments

a. Financial Assets

Financial assets, where applicable are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs.

Classification

Management determines the classification of an asset at initial recognition depending on the purpose for which the assets were acquired. The subsequent measurement of financial assets depends on such classification.

The financial assets are classified as those measured at:

1. amortised cost, where the financial assets are held solely for collection of cash flows arising from payments of principal and / or interest.
2. fair value through other comprehensive income (FVTOCI), where the financial assets are held not only for collection of cash flows arising from payments of principal and interest but also from the sale of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in other comprehensive income.
3. fair value through profit or loss (FVTPL), where the assets are managed in accordance with an approved investment strategy that triggers purchase and sale decisions based on their fair value of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in the Statement of Profit and Loss in the period in which they arise.

Trade receivables, advances, security deposits, cash and cash equivalents etc. are classified for measurement at amortised cost while investments may fall under any of the aforesaid classes. However, in respect of particular investments in equity instruments that would otherwise be measured at fair value through profit or loss, an irrevocable election at initial recognition may be made to present subsequent changes in fair value through other comprehensive income.

Impairment

The Company assesses at each reporting date whether a financial asset (or a group of financial assets) such as investments, trade receivables, advances and security deposits held at amortised cost and financial assets that are measured at fair value through other comprehensive income are tested for impairment based on evidence or information that is available without undue cost or effort. Expected credit losses are assessed and loss allowances recognised if the credit quality of the financial asset has deteriorated significantly since initial recognition.

De-recognition

A financial asset is primarily de-recognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

Notes to the Financial Statements for the year ended 31st March, 2021 (Contd.)

b. **Financial Liabilities**

All financial liabilities are recognised initially at fair value and transaction cost that is attributable to the acquisition of the financial liabilities is also adjusted. These liabilities are classified as amortised cost.

Subsequent to initial recognition, these liabilities are measured at amortised cost using the effective interest method. These liabilities include borrowings and deposits.

De-recognition of financial liabilities

A financial liability are de-recognised when the obligation under the liability is discharged, cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

c. **Offsetting Financial Instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

ix. **Inventories**

Raw materials, stores and spare parts are valued at the lower of cost and net realizable value. Cost includes purchase price, duties and taxes, freight and other expenditure incurred in bringing such inventories to their present location and condition. In determining cost, weighted average method is used. The carrying amounts of raw materials, stores and spare parts are appropriately written down when there is a decline in replacement cost of such materials and the finished products, in which they will be incorporated, are expected to be sold below cost.

Work in progress and finished goods are valued at the lower of cost and net realisable value. Cost comprises of direct material, labour expenses and an appropriate portion of production overheads incurred in bringing the inventory to their present location and condition. Fixed production overheads are allocated on the basis of normal capacity of the production facilities.

Traded finished goods are valued at the lower of cost and net realisable value.

x. **Revenue**

Revenue from sale of goods is recognised when significant control of ownership in the goods are transferred to customers and it is not unreasonable to expect ultimate collection of the sale consideration that is being recognised as revenue.

Dividend income is recognised when the right to receive payment is established.

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the interest rate applicable.

xi. **Income from Government Grant**

The Company may receive government grants that require compliance with certain conditions related to the Company's operating activities or are provided to the Company by way of financial assistance on the basis of certain qualifying criteria.

Government grants are recognised when there is reasonable assurance that the grant will be received, and the Company will comply with the conditions attached to the grant.

Accordingly, government grants:

- a. related to or used for assets are included in the Balance Sheet as deferred income and recognised as income over the useful life of the assets.
- b. related to incurring specific expenditures are taken to the Statement of Profit and Loss on the same basis and in the same periods as the expenditures incurred.
- c. by way of financial assistance on the basis of certain qualifying criteria are recognised as they become receivable.

In the unlikely event that a grant previously recognised is ultimately not received, it is treated as a change in estimate and the amount cumulatively recognised is expensed in the Statement of Profit and Loss.

xii. **Foreign exchange transactions**

Transactions in foreign currencies are translated into the functional currency at the exchange rates prevailing on the date of the transactions. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates.

Notes to the Financial Statements for the year ended 31st March, 2021 (Contd.)

Non-monetary items which are carried in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of transaction. The loss or gain thereon and also on the exchange differences on settlement of the foreign currency transactions during the year are recognized as income or expense in the statement of profit and loss.

Foreign exchange gain/loss to the extent considered as an adjustment to Interest Cost are considered as part of borrowing cost.

xiii. Employee benefits

The Company's obligations towards various employee benefits have been recognised as follows:

Short term benefits

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and ex-gratia. The undiscounted amount of short-term employee benefits to be paid in exchange for employee services is recognised as an expense as the related service is rendered by employees.

Post-employment benefits

- a) Monthly contributions to Provident Funds which are in the nature of defined benefit schemes are charged to Statement of Profit and Loss and deposited with the Provident Fund administered through the Company's trust on a monthly basis.
- b) The administration of the gratuity scheme which is in the nature of defined benefit plan, has been entrusted to Life Insurance Corporation of India ('LIC'). Annual charge is recognised on the basis of actuarial valuation at the Balance Sheet date, conducted by an independent actuary appointed by the Company and payments are made to LIC on the basis of annual demand received from them. The Company recognizes all actuarial gains and losses in the Statement of Profit and Loss.

Other long term benefits

Cost of long term benefit by way of accumulating compensated absences are recognised when the employees render the service that increases their entitlement to future compensated absences. Such costs are recognised based on actuarial valuation of the Company's year end obligation in this regard by an independent actuary.

Termination benefits

Costs of termination benefits have been recognised only when the Company has a present obligation as a result of a past event, it is probable that an outflow of resources will be required to settle such obligation and the amount of the obligation can be reliably estimated.

xiv. Income taxes

Income-tax expense comprises current tax (i.e. amount of tax for the period determined in accordance with the income-tax law) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the period).

- a. Current tax is measured at the amount expected to be paid to (recovered from) the taxation authorities, using the applicable tax rates and tax laws.
- b. Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities and the amounts used for taxation purposes (tax base), at the tax rates and tax laws enacted or substantively enacted by the end of the reporting period.

Deferred tax assets are recognised for the future tax consequences to the extent it is probable that future virtual certainty will be available against which the deductible temporary differences can be utilised.

Income tax, in so far as it relates to items disclosed under other comprehensive income or equity, are disclosed separately under other comprehensive income or equity, as applicable.

Deferred tax assets and liabilities are offset when there is legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances related to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on net basis, or to realize the asset and settle the liability simultaneously.

Deferred tax assets are reviewed as at each balance sheet date and written down or written-up to reflect the amount that is reasonably certain (as the case may be) to be realised.

xv. Dividend Distribution

Dividends paid is recognised in the period in which the interim dividends are approved by the Board of Directors, or in respect of the final dividend when approved by shareholders.

Notes to the Financial Statements for the year ended 31st March, 2021 (Contd.)

xvi. Provisions and Contingent liabilities

Provisions are recognized only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Company or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

xvii. Operating leases

Lease payments on operating lease agreements are recognised as an expense on a straight-line basis over the lease term unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases. Associated costs, such as maintenance and insurance, are expensed as incurred.

xviii. Operating Segments

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker (CODM). The CODM who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors of the Company.

xix. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

2. FINANCIAL RISK MANAGEMENT

The Company's business activities are exposed to a variety of risks including liquidity risk, credit risk and market risk. The Company seeks to minimize potential adverse effects of these risks by managing them through a structured process of identification, assessment and prioritization of risks followed by coordinated efforts to monitor, minimize and mitigate the impact of such risks on its financial performance and capital. For this purpose, the Company has laid comprehensive risk assessment and minimization/mitigation procedures, which are reviewed by the Audit Committee and approved by the Board from time to time. These procedures are reviewed to ensure that executive management controls risks by way of properly defined framework. The Company does not enter into derivative financial instruments for speculative purposes. The following table explains the sources of risk and how the entity manages the risk in its financial statements. The management reviews the status of all principal risks with a significant potential impact. Additionally, the Audit Committee carried out focused risk reviews of each Plant and divisions. These reviews included an analysis of both the principal risks, and the controls, monitoring and assurance processes established to mitigate those risks to acceptable levels. As a result of these reviews, a number of actions were identified to continue to improve internal controls and the management of risk.

Risk	Exposure arising from	Measurement	Management
Credit Risk	Cash and cash equivalents, trade receivables, financial assets measured at amortised cost	Ageing analysis, Credit analysis	Credit limits and letters of credit
Liquidity Risk	Borrowings and other liabilities	Cash Flow forecasts	Credit facilities
Market Risk – foreign exchange	Recognised financial assets and liabilities not denominated in INR	Cash Flow forecasts	Monitoring of currency movement.
Market Risk – interest rate	Long Term Borrowings/Liabilities	...	Monitoring of interest rate movements
Market Risk – security prices	Investment in Securities	...	Portfolio Management

a. Credit Risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed.

Notes to the Financial Statements for the year ended 31st March, 2021 (Contd.)

Credit risk arises from cash and cash equivalents, investment carried at amortised cost, deposit with banks and financing institutions as well as credit exposure to customer and other parties.

For banks and financial institutions, only high rated banks/institutions are accepted. For other financial assets, the entity assesses and manages credit risk based on internal credit evaluation. It monitors party-wise exposure and based on evaluation credit rating is allotted for each party. Thereafter a credit limit is assigned to each party depending on the solvency of the said party.

The entity considers the probability of default on ongoing basis and at each reporting period. Micro-economic information is incorporated as part of internal rating model.

In general, it is presumed that credit risk has significantly increased since initial recognition if the payments are more than 180 days past due.

The ageing of Trade receivables i.e. receivables which are past due (net of allowances / provisions) are given below :

Age of receivables	31 Mar 2021	31 Mar 2020
1 – 30 days past dues	20,650	23,133
31 – 60 days past dues	6,058	24,767
61 – 90 days past dues	1,268	7,678
91 – 180 days past dues	5,119	6,349
More than 180 days past dues	1,581	3,565

As per the policy, any trade receivables overdue for more than 365 days, equivalent provision / allowance are provided in the books of accounts on the relevant date.

b. Liquidity Risk

The company objective is to at all times maintain optimum level of liquidity to meet its cash and collateral requirement at all times. The Company relies on Borrowing to meet its additional need for fund. The current committed lines of credit are sufficient to meet its short to medium term expansion needs and hence evaluates the concentration of risk with respect to liquidity as low. The Company monitors rolling forecasts of its liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining headroom on its undrawn committed borrowing facilities at all times so that Company does not breach borrowing limits or covenants (where applicable) on any of its borrowing facilities.

The company is required to maintain debt equity ratio as mentioned in the loan agreements at specified levels. In the event to meet any ratios these become callable at the option of the lenders, except where exception is provided by lender.

c. Market Risk

Market risk is the risk that the fair value of future cash flow of financial instruments may fluctuate because of changes in market conditions. Market risk broadly comprises three types of risks namely currency risk, interest rate risk and price risk (for commodities or equity instruments).

- (i) Foreign Exchange Risk - The company operates only in India and has not entered in to any foreign exchange or commodity derivative contracts. Accordingly there in no significant exposure to market risk.
- (ii) Interest Rate Risk - Interest rate exposure of the Company is mainly on Borrowing from Bank/FI, which is linked to their prime lending rate and the Company does not foresee any risk on the same.
- (iii) Security Price Risk – The Management invests its surplus funds in mutual funds operated by only high rated banks/institutions. These investments are generally short-term and accordingly there in no significant exposure.

30 EMPLOYEE BENEFITS

I. Post Employment Defined Benefit Plans :

(A) Gratuity (Funded)

The Company provides for gratuity, a defined benefit retirement plan covering eligible employees. As per the plan, the Gratuity Fund Trusts, administered and managed by the Trustees and funded primarily with Life Insurance Corporation of India (LIC), make payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. Vesting occurs upon completion of five years of service. The Trustees are responsible for the overall governance of the plan and to act in accordance with the provisions of the trust deed and rules in the best interests of the plan participants. Each year an Asset-Liability matching study is performed in which the consequences of the strategic investment policies are analysed in terms of risk and return profiles. Investment and contribution policies are integrated within this study. Liabilities with regard to the Gratuity Plan are determined by actuarial valuation as set out in Note 1B(ii) (4) based upon which, the Company makes contributions to the Employees' Gratuity Funds.

Notes to the Financial Statements for the year ended 31st March, 2021 (Contd.)

	Changes in assumption	Impact on defined benefit obligation 31 March 2021	Impact on defined benefit obligation 31 March 2020
(j) Sensitivity analysis			
Discount rate	Increase by 0.5 %	Decrease by Rs. 1,712	Decrease by Rs. 1,764
	Decrease by 0.5 %	Increase by Rs. 1,810	Increase by Rs. 1,865
Salary growth rate	Increase by 0.5 %	Increase by Rs. 1,775	Increase by Rs. 1,822
	Decrease by 0.5 %	Decrease by Rs. 1,696	Decrease by Rs. 1,742
<p>The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit obligation recognised in the Balance Sheet.</p> <p>The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior periods.</p>			
(k)	The company expects to contribute Rs. 7,500 the funded gratuity plan during the next financial year.		

(B) Provident fund

Contributions towards provident funds are recognised as expense for the year. The Company has set up Provident Fund Trusts in respect of certain categories of employees which are administered by Trustees. Both the employees and the Company make monthly contributions to the Funds at specified percentage of the employee's salary and aggregate contributions along with interest thereon are paid to the employees/nominees at retirement, death or cessation of employment. The Trusts invest funds following a pattern of investments prescribed by the Government. The interest rate payable to the members of the Trusts is not lower than the rate of interest declared annually by the Government under The Employees' Provident Funds and Miscellaneous Provisions Act, 1952 and shortfall, if any, on account of interest is to be made good by the Company.

In view of the Company's obligation to meet shortfall, if any, on account of interest, Provident Fund trusts set up by the Company are treated as defined benefit plans.

During the year, the Company's contribution of Rs. 6,785 (Previous year – Rs. 7,664) to the Provident Fund Trusts has been expensed under the 'Contribution to Provident and Other Funds' in Note 24.

II. Post Employment Defined Contribution Plans

Superannuation Fund

Certain categories of employees of the Company participate in superannuation, a defined contribution plan administered by the Trustees. The Company makes quarterly contributions based on a specified percentage of each covered employee's salary. The Company has no further obligations under the plan beyond its annual contributions.

III. Leave Obligations

The Company provides for accumulation of leave by certain categories of its employees. These employees can carry forward a portion of the unutilised leave balances and utilise it in future periods or receive cash (only in case of earned leave) in lieu thereof as per the Company's policy. The Company records a provision for leave obligations in the period in which the employee renders the services that increases this entitlement.

The total provision recorded by the Company towards this obligation was Rs.10,690 (as at 31 March, 2020 Rs. 13,370). The amount of the provision is current, since the Company does not have an unconditional right to defer settlement for any of these obligations. However, based on past experience, the Company does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months. Rs. 9,619 (as at 31 March, 2020 Rs. 11,939) is not expected to be taken or paid within the next 12 months and shown under Non-current portion.

Notes to the Financial Statements for the year ended 31st March, 2021 (Contd.)

(Amount in Rupees thousand)

IV. Risk Exposure

Through its defined benefit plans, the Company is exposed to some risks, the most significant of which are detailed below:

Discount Rate Risk

The Company is exposed to the risk of fall in discount rate. A fall in discount rate will eventually increase the ultimate cost of providing the above benefit thereby increasing the value of the liability.

Salary Growth Risks

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. An increase in the salary of the plan participants will increase the plan liability.

Demographic Risk

In the valuation of the liability, certain demographic (mortality and attrition rates) assumptions are made. The Company is exposed to this risk to the extent of actual experience eventually being worse compared to the assumptions thereby causing an increase in the benefit cost.

34 CAPITAL MANAGEMENT

For the purposes of the Company's capital management, capital includes issued capital, all other equity reserves and long term as well as short term borrowed capital less reported cash and cash equivalents.

The primary objective of the Company's capital management is to maintain an efficient capital structure to reduce the cost of capital, support the corporate strategy and to maximise shareholder's value.

The Company's original policy is to manage the liquidity primarily out of internal accruals. The Company also maintains certain fund based and non-fund based facilities to provide additional liquidity. These facilities, together with cash generated from operations are utilised for operations of the Company.

The Company monitors capital on the basis of cost of capital.

Total Financial Liabilities	2,04,623	2,04,623	2,41,776	2,41,776

The management assessed that cash and cash equivalents, trade receivables, trade payables, other financial assets and other financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

36 FAIR VALUE HIERARCHY

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Level 1 to Level 3, as described below:

Quoted prices in an active market (Level 1): This level of hierarchy includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities. This category consists of investment in quoted equity shares, and mutual fund investments.

Valuation techniques with observable inputs (Level 2): This level of hierarchy includes financial assets and liabilities, measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices). This level of hierarchy does not include any instrument.

Valuation techniques with significant unobservable inputs (Level 3): This level of hierarchy includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

38. Incentive declared by the Government of India to eligible Industrial units of North East States under Central Excise towards refund of excise duty paid through PLA (Current Account) on finished products vide Notification No. 32/1999-CE dated 8 July 1999 (as amended) was reduced from 100% refund of duty paid through PLA to 36% for Chapter heading 8487, 31% for chapter heading 8545 & 15% for chapter heading 7406, during 2008. Being aggrieved by such reduction in the Excise benefit, some of the beneficiaries approached the Court of Law. Thereafter Hon'ble Gauhati High Court had passed judgment for full refund of excise duty in terms of the original notification. Aggrieved by the above Order of the Hon'ble Gauhati High Court, the Union of India moved to the Hon'ble Supreme Court against which in pursuance of interim Order dated 7th December, 2015 of the Apex Court, adhoc refund of 50% of the differential amount, which comes to Rs. 1,58,29,451/-, was received by the Company on furnishing solvent surety. The Hon'ble Supreme Court vide its Order dated 22nd April, 2020 has decided the cases in favour of the Union of India by setting aside the judgement of the Gauhati High Court. As per the said judgment of the Hon'ble Supreme Court it has also been made clear that the pending refund applications shall be decided as per the subsequent notifications/industrial policies which were impugned before the respective High Courts. The Company has refunded Rs.1,58,29,451/- under protest on 25.01.2021 which is presented as 'Refund of Excise Incentive under protest' under 'Other Financial Assets' (Note 4). Thus, till the final conclusion is drawn, 50% of the differential amount received, as above, will continue to be treated as 'Other Financial Liabilities' and cost, if any, associated with the said refund will be considered in these accounts on finality. (Note 16).
39. Hon'ble Supreme Court vide its Judgement dated 06th December,2019 in another case held that when a particular kind of duty is exempted, other types of duty or cess imposed by different legislation for a different purpose cannot be said to have been exempted and therefore, has over ruled its earlier Judgement dated 10th November,2017. Pursuant to this judgement the Company during the financial year 2019-20 recognized liability of Rs.24,14,295/- on account of Education Cess and Higher Education Cess, which was earlier refunded during the financial year 2018-19 and 2019-20 by reversal of Income and charging it off as expense in the financial year 2019-20. On 28th July, 2020 and 21st September,2020 the Assistant Commissioner, Central Goods & Service Tax, Guwahati Division II, issued Demand cum Show Cause Notices asking the Company to show cause as to why the Education Cess and Secondary and Higher Education Cess refunded to the Company shall not be demanded back along with interest. On 10th September,2020 and 12th October,2020 the Company filed two Writ Petitions before the Hon'ble Gauhati High Court challenging the said Demand cum Show Cause Notices, which was allowed by the Court on 12th March,2021 by setting aside the aforesaid Demand cum Show Cause Notice. Other costs associated with this, being indeterminate, will be considered in these accounts on finality.
40. The financial year 2020-21 has been challenging for each one of us. The Covid-19 pandemic has had a significant impact on lives, livelihoods, and the business. Operational challenges mounted due to restricted movement and disrupted supply lines during the first few months of the pandemic. As the second wave of the pandemic unfolds with predictions of a third wave in the offing, our focus continues to be on our people's health & safety, ensuring uninterrupted supplies of Covid

relevant portfolio, meeting the demand arising out of evolving consumer needs, caring for the communities in which we operate and finally protecting our business model.

The financial year 2020-21 started with a lockdown as per the directives of both the Central and State Governments in the wake of COVID-19 pandemic. Consequently, our manufacturing operations at Guwahati in Assam and at Patancheru in Telengana has been adversely impacted due to such prolonged lockdown. The operations have since commenced in a phased manner since May'2020 conforming to the guidelines of regulatory authorities. Our sales and profitability were adversely impacted due to the current global pandemic as demand has slowed down and prices are under pressure. In addition, costs have gone up on all fronts, as well as directly on account of necessary arrangements to tackle COVID-19.

In light of the current global pandemic, the Company has considered the possible effects that may result from COVID-19 on the carrying amounts of financial assets, inventory, receivables, advances, property plant and equipment, Intangibles, etc. as well as liabilities accrued. Having reviewed the underlying data and based on current estimates, the Company expects the carrying amount of these assets will be recovered and there is no significant impact on liabilities accrued. The impact of COVID-19 on the Company's financial statements may differ from that estimated as at the date of approval of these financial statements and the Company will continue to closely monitor any material changes to future economic conditions.

42. Figures of the previous year have been re-arranged / regrouped wherever necessary in order to conform to the current year's classification.

43. In order to expand the operations of the Company and to explore the prospects of its products in the foreign markets, the Company had incorporated a Wholly Owned Subsidiary Company in United Kingdom on 13.05.2019 in the name and style of Assam Carbon Products UK Limited (ACUK). In view of the pandemic (Covid-19), the Company was unable to remit the initial subscription amount towards equity shares of ACUK. Also, ACUK was unable to commence any activity and no transaction was entered into since incorporation. ACUK, therefore, elected to treat itself as a dormant company under the UK Company Law vide resolution of the Board dated 25.06.20. No investment (financial commitment) was entered into by the Company.

Due to the continuity of the pandemic and uncertainty in future travels, the management decided to dissolve ACUK and necessary formalities for striking off the name in the Companies House records were made during the year. In view of the present facts, the Company was not required to prepare consolidated financial statements for the year ended 31 March 2021.
