MANAGING DIRECTOR'S NOTE

As a Local Area Bank the area of operation was restricted to five districts of Punjab only. Conversion to Small Finance Bank has removed the geographical barriers for expansion. This will result in exponential growth of the Bank across all spheres.

Sarvjit Singh Samra
Managing Director

Dear Shareholders

I take this opportunity to share my delight that Capital Local Area Bank Limited has made a historic transition on April 24, 2016 after its conversion into Capital Small Finance Bank Limited thereby becoming the maiden Small Finance Bank of the country. Capital Local Area Bank, along with nine other entities, was granted in-principle approval by the Reserve Bank of India to set up 'Small Finance Bank' on September 16, 2015.

Capital Local Area Bank, the largest Local Area Bank in the country, before conversion to 'Small Finance Bank' has been into operations for last 16 years with excellent performance in all spheres. The Bank has been operating in three contiguous

districts of Jalandhar, Kapurthala and Hoshiarpur in Punjab for the initial 13 years. In January 2013, the Reserve Bank of India accorded the approval for expansion in the Bank's area of operation to two more districts of Ludhiana and Amritsar in Punjab.

The stage is set for us to make a mark in Indian Banking Industry. The opportunities are unlimited as conversion to Small Finance Bank has removed the geographical barriers for expansion. This will result in exponential growth of the Bank across all spheres.

The Bank transitioned from a Local Area Bank to Small Finance Bank with 47 branches. 10 new branches were added on the eve

of conversion, taking the total number of branches to 57 (31 rural, 19 semi urban, 5 urban and 2 metropolitan). During the current financial year, 19 more branches will become operational. The total business of the Bank has crossed ₹3150 crores mark with more than 370000 number of accounts. The Bank has 80% of its business in rural and semi urban areas, with Priority Sector Lending of 81.28% of the Adjusted Net Bank Credit as on March 31, 2016. The Bank is extending loans primarily to small borrowers and 57.50% of the total advances are up to the ticket size of ₹25 lacs as on March 31, 2016.

The financial year 2015-16 ended for the Bank on a very

positive note against the backdrop of economic uncertainty in the banking sector. Total Deposits of the Bank increased from ₹1506.78 crores as on March 31, 2015 to ₹1814.13 crores as on March 31, 2016 resulting in a growth of 20.40%. Total Advances increased to ₹1148.40 crores as on March 31, 2016 from ₹929.30 crores as on March 31, 2015, showing a growth of 23.58%. The total business of the Bank has increased to ₹2962.53 crores as on March 31, 2016 as against ₹2436.08 crores as on March 31, 2015, resulting in a growth of 21.61%. Total Gross revenue has increased to ₹202.33 crores as on March 31, 2016 as against ₹171.99 crores as on March 31, 2015, resulting in a growth of 17.64%. Net Interest income has increased to ₹62.68 crores as on March 31, 2016 as against ₹54.62 crores as on March 31, 2015, resulting in a growth of 14.76%. However due to high expenditure incurred during the transitional phase of the Bank and increase in provisions, the Net Profit has marginally declined to ₹13.74 crores as on March 31, 2016 as against ₹14.22 crores as on March 31, 2015.

Your Bank has always been a frontrunner in the area of priority sector lending. It has been harnessing the vast potential of rural market through its wide network of rural branches. The Bank has always focused on promoting Financial Inclusion in the area of operation since the very beginning by making

banking services accessible to the common man. The Bank is providing a safe, efficient and service oriented repository of savings to the local community on one hand, and reducing their dependence on moneylenders by making need based credit easily available on the other hand. The Bank has set a rare example in this regard as it has opened 57608 Savings Bank Accounts which are 'No Frill Accounts' as on March 31, 2016. Also your Bank has kept pace with the fast growing challenges and has been quick to put in place the value added services like the Debit Cards, SMS alerts etc. The tremendous performance of the Bank is evident from the fact that most of its branches have become the largest branches at their respective centers in this short span.

The Bank aims high to reach ₹12000 crore mark in terms of the total business and branch network of 216 by the year March 31, 2021

Your Bank has always been committed in creating a diverse, inclusive and meritocratic work culture enabling us to attract and retain the best talent available.

This alone has led the bank to be ranked no.1 in Banking Sector amongst India's 100 Best Companies to work for 2016 for the second consecutive year. The Bank has made to the list of India's 100 Best Companies to work for the third consecutive year with an improvement in rank every year. These recognitions

further encourage us to achieve greater milestones in future.

The Bank has become the first choice of the customers in most of its operational centers and endeavors to build on this preeminent position in the existing centers as well as at the new centers to be added in future. I humbly acknowledge with recognition the timely advice, valuable guidance and support received by the Bank from the Promoters, Directors, Government Authorities, especially The Reserve Bank of India, SEBI and the Stock Exchange.

Our committed, motivated and dedicated team relentlessly strives to exceed the expectations of its customers and endeavors to create superior value for all stakeholders through the use of the best standards of operations. I, along with my colleagues on the Board, would like to convey our sincere thanks and appreciation.

I extend my gratitude to all the stakeholders for their confidence and unflinching belief in our ability to deliver value. I would like to take this opportunity to reiterate our commitment to work towards meeting your high expectations and take your organization to the next level of growth.

DIRECTORS' REPORT

Dear Shareholders,

The Directors of the Bank have great pleasure in presenting the 17th Annual Report on the business and operations of the Bank along with the audited accounts for the year ended March 31, 2016.

Economic Overview

India's economy ended FY 2015-16 on a high note. The improvement in India's economic fundamentals has accelerated in the year 2015 with the combined impact of strong government reforms, RBI's inflation focus supported by benign global commodity prices. With the improvement in the economic scenario, there have been various investments leading to increased M&A activities.

Financial Year 2015-16 saw India emerge as a bright spark even as advanced and emerging economies grappled with uncertainty and slower growth. Economic growth in India peaked in the second quarter of the fiscal at 8.2% (under new series) but remained moderate in the third and fourth quarter at around 7.5%. Cyclical macro parameters like inflation, current account deficit have improved during the year due to domestic as well as external factors. The Indian economy is in the midst of significant structural change and is expected to embark on a sustained economic growth cycle. According to World Bank, India is set to be the world's fastest growing major economy in the Financial Year 2015-16 at 7.5% and gradually move up to 8% in the next two financial years

The growth in the Indian banking sector, however remained under pressure in FY15. Credit offtake

slowed down to 9.4% in FY15-16 from 14.3% recorded in FY14. Poor earnings growth by companies, slow pace of investments, risk aversion of banks due to rising bad loans, and availability of alternative funding sources for corporates pulled down credit growth during the year. Similarly, the growth in deposits of Scheduled Commercial Banks (SCBs) at 10.7% in FY15-16 was much lower than the growth at 14.1% in the previous financial year. Mounting non-performing assets continue to remain as an area of concern. The good thing is the future expectations of economic recovery gives glimpse of hope to the banking industry for business revival and improvement in asset quality.

Now, coming to our land, Punjab, the land of unlimited possibilities where agriculture, small and medium scale industry and entrepreneurship is blossoming. Your bank, is putting in its share in the fast paced economic development of the state of Punjab. Punjab has witnessed fast track economic development and structural shift over the past half century. Punjab was a state known primarily for its agriculture, livestock, forestry, and less for industries, minerals, tourism. The demographics are changing and changing for the good. There is a growing middle class with regular monthly income besides agriculture income. Punjab

was looked upon as an agricultural economy where big industrial units were a rarity and banking industry did not play its role effectively besides being a deposit unit because of its huge NRI base. Set up with the objective to augment credit for viable economic activities in the rural areas and bridging the credit gap, i.e. bank, caters to the needs of rural India and have been delivering a wide range of financial services and providing world-class banking services to the local rural community at low cost.

The Board is elated to share with you that The Reserve Bank of India has granted permission to Capital Local Area Bank Limited to convert into Capital Small Finance Bank Limited and thereby Banking License no. MUM : 116 dated March 4, 2016 was issued to Capital Small Finance Bank Limited. Accordingly the Capital Small Finance Bank rolled out its operations on April 24, 2016 as the maiden Small Finance Bank of the country. In fact we take pride that it was the historic day for the banking sector in India as it would be reckoned as a day when Small Finance Banks were introduced in the banking system. The new journey of the bank could accelerate the growth of the business of the bank in many dimensions. Conversion to small finance bank has removed the geographical barrier for expansion.

Now the products and services provided by the bank which were restricted to the region could be provided Pan India.

As a Small Finance Bank, your bank endeavors to promote financial inclusion by accepting deposits and lending to the unbanked sections such as micro business enterprises, small farmers and unorganized sector entities. The Bank as a Small Finance Bank kicked off operations with 10 new branches.

The Bank has a total of 57 branches as on date. Out of which 31 branches are rural, 19 are semi-urban and 5 are urban and 2 are metropolitan. Your bank plans to expand in a phased manner. The Bank aims to add new branches in Punjab in the first year and the total number of branches shall increase to 76 by the March 3, 2017. Thereafter the Bank plans to expand to the neighbouring states of Haryana, Himachal Pradesh, Rajasthan, Uttarakhand and Union Territory of Delhi. The Bank has partnered in the growth and development of its various stakeholders, which has in turn made the Bank post record performance in every sphere. The year has ended at a positive and a progressive note for all of our stakeholders with a pickup in the investment climate and our bank will make the most of all the opportunities in hand.

Operating Performance

The Financial year 2015-16 has been bad for the banking sector. Slow growth of loan and an increasing pile of non-performing assets became a matter of concern throughout the sector. However your bank has showed a healthy

performance even in this volatile environment. The Bank has achieved another milestone with the total business surpassing ₹2900 crores during the year 2015-16. The Bank has showed continued acceleration and momentum in building a strong liability franchisee with its credit Deposit Ratio of 63.30%. Despite the economic slowdown, the Bank has shown remarkable growth for the year ended March 31, 2016. The financials of the bank at a glance is as under:

The Bank values its customer satisfaction and we base our every endeavor around it. The Bank has been continuously striving to provide world class banking services under single roof at low cost since day one. Envisioned to establish long lasting relationship with the local communities, the Bank focuses towards personalized banking and strives to create an innovative and responsive approach in its area of operation with an ultimate objective to further financial inclusion in its area of operation since inception. Our business model has been designed such, that it enhances our performance and backs us up in tough times. It has been set up and strengthened over the years with the faith and trust of local communities.

The performance of the Bank is characterized by strong brand equity, well diversified loan portfolio, customer delight, efficient and effective risk management with a mission of bringing modern banking services at low cost to the rural areas.

Capital Adequacy Ratio (CAR)

To enhance the Capital Adequacy Ratio, the Bank during the financial year 2015-16 issued Upper Tier II Basel - I compliant Bonds 2015-16 in the nature of debenture of face value ₹1.00 lakh each, to the extent of ₹25.00 crores on March 30, 2016, which are listed in the Bombay Stock Exchange. During the year, the Bank issued Lower Tier II Subordinated Debt Bonds in the nature of debentures of face value of ₹1,00,000/- each to the extent of ₹12.00 Crores.

Rights Issue

To further strengthen the Capital base and enhance Capital Adequacy, the Bank during the financial year 2015-16 came out with a Rights Issue of 57,54,922 Equity Shares of ₹10 each for cash at a price of ₹30 per equity share (including share premium of ₹20 per equity share) aggregating to ₹17,26,47,660.00 to the members of the Bank on Rights Basis. The equity shares were offered to the existing shareholders on rights basis in the ratio of one equity share for every three equity shares held. With the infusion of additional equity, the Bank has surpassed the benchmark net worth of ₹100 crores stipulated by the Reserve Bank of India vide guidelines dated November 27, 2014 for Small Finance Banks.

The Paid up Capital of the Bank as on March 31, 2016 was ₹2301.99 lacs. The Capital Adequacy of the Bank as on March 31, 2016 was 17.20%. Securities and Exchange Board of India (SEBI) on September 2, 2015 issued the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations') with the aim to consolidate and streamline the provisions of existing listing

agreements for different segments of capital markets such as equity shares (including convertibles), non-convertible debt securities, etc. and disclosure norms in relation thereto, thereby ensuring better enforceability. Your Bank has duly adopted these regulations and all the required compliances have made.

Great Place to Work

Capital Local Area Bank has been ranked no 1 in Banking Sector amongst India's 100 Best Companies to work for 2015 by 'Great Place to Work institute' in India. In 2015 it was the largest study in the country on workplace culture, attracting participation from over 700 organisations spanning over 20 industries. Great Place to Work is a global institute with its Headquarters at San Francisco, USA and has presence in more than 45 countries across globe. This Institute has covered more than 25 years of research, recognising and building great work places worldwide and conducts the world's largest and most reputed study of workplace excellence and people management practices. The Indian branch of this institute started working about 12 years ago. Every year, they conduct a research of more than 600–700 organisations working in India.

Dividend

The year gone by has been monumental in several respects. The Bank has generational opportunity to expand in newer geographies and reap the benefits of its brand equity. The years of hard efforts have provided this golden opportunity to the Bank. The Bank constantly endeavors to share the growth of the bank with the shareholders in the form

of dividend distribution and higher capital appreciation by retaining adequate quantum of profits to meet future expansion plans. A sum of ₹343.48 lakhs out of the profits has been transferred to statutory reserves, besides making provisions against standard assets as per norms of the Reserve Bank of India. Keeping in view the twin objectives to strengthen our capital base and reward the shareholders, the directors propose to plough back 78.19% of the profit and have recommended a dividend of 16% for the year 2015-16 i.e ₹1.60 per share on prorata basis.

Advance to Priority Sector and Weaker Section

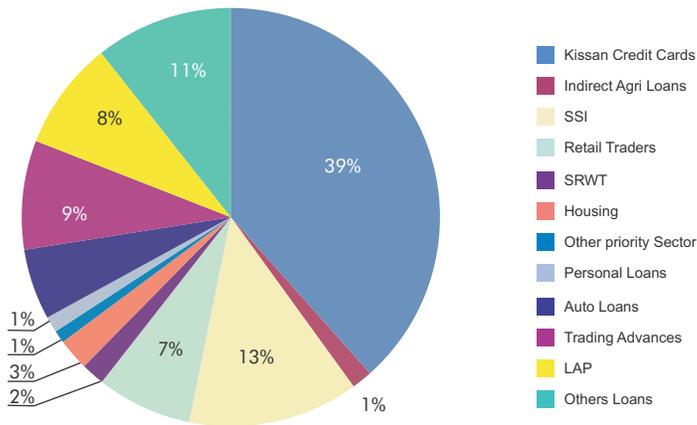

The basic model of the Bank has been built around catering to the financial needs of its clientele in the best possible way with continuous focus on facilitating Priority Sector Advances and to meet the banking needs of the weaker sections of the society. The Bank has always been striving for adequacy and genuineness of the facilities provided in the major thrust areas, namely Priority Sector and Weaker Sections. Priority sector advances increased to ₹755.99 crores as on March 31, 2016 as against ₹515.88 crores as on March 31, 2015, registering a growth of 46.54%. The Priority Sector Advances stood at 81.28% of the Adjusted Net Bank Credit of previous year i.e. March 31, 2015 and are above the 40% benchmark set by the Reserve Bank of India. The total credit to agriculture has increased to ₹460.94 crores as on March 31, 2016 as against ₹344.94 crores as on March 31, 2015 showing a growth of 33.63%, which stood at 49.56% of the Adjusted Net Bank Credit of previous year i.e. March 31, 2015. The Bank has made majority of its

Direct Agriculture Advances under its CAPITAL KISAN CREDIT CARD Scheme. The scheme is customer friendly and has given impetus to the flow of credit to agriculturists. This scheme has been largely instrumental in upliftment of credit availability in rural areas under the jurisdiction of our bank. Advances to Weaker Sections also continue to receive special priority. The advances made to weaker section including small and marginal farmers, scheduled castes, etc. stood at ₹144.71 crores as on March 31, 2016. The advances to weaker sections stood at 15.59% of Adjusted Net Bank Credit of previous year i.e. March 31, 2015 as against the regulatory benchmark of 10%. The Bank has initiated number of steps to increase lending to Priority Sector/Weaker Sections, including identifying potential centers for focused lending, imparting training to officers on rural lending, liberalised credit norms and softening interest rates.

The Bank has completed 100% financial inclusion in the adopted 129 villages and 50 municipal wards, covering population of 2,64,323 and 50,282 households. The Bank has submitted the branch-wise progress report to the respective Lead District Managers. The Bank has opened 57,608 number of 'No Frill' accounts up to March 31, 2016 under financial inclusion of those households that did not have any access to banks/post offices.

The promoters with local background clearly, understood the problems faced by the rural population to avail banking services. From day one, Capital Local Area Bank, now converted to Capital Small Finance Bank w.e.f. April 24, 2016, introduced state-of-the-art branches in rural areas with 7 - Day Branch Banking and

Advances Profile

uninterrupted extended banking hours from 10:00 am to 5:00 pm from Monday to Saturday and from 10:00 am to 2:00 pm on Sunday. This helps rural masses to avail banking services conveniently and efficiently.

The Bank has also provided credit linkage for micro lending under Joint Liability Group Model through Business Correspondent. As on March 31, 2016, total 1471 Groups consisting 7355 members were formed. The total disbursement of ₹1707.26 lacs was made to the beneficiaries under micro lending and total outstanding as on March 31, 2016 was ₹511.70 lacs.

Investments

The Treasury Group, under the supervision and guidance of Investment Committee, is looking after the Assets and Liabilities, compliance of regulatory reserve requirements, market and liquidity risks. The core team strictly adheres to the established prudent norms for building suitable trading portfolio to make best of the available opportunities. The objective of the Treasury Desk is to constantly watch global and local developments, take proactive steps to make most of all the opportunities across asset classes and manage all the uncertainties and adverse moves prudently. Investments in SLR and Non- SLR

Securities are being carried out after taking safety and liquidity into consideration. Total investments of the Bank stood at ₹585.80 crores as on March 31, 2016 comprising ₹573.80 crores in sovereign Government Securities, ₹4.00 crores in debt based instruments and ₹8 crores in liquid schemes of mutual funds with a maturity mix of securities consistent with the risk perception and Investment Policy guidelines of the bank.

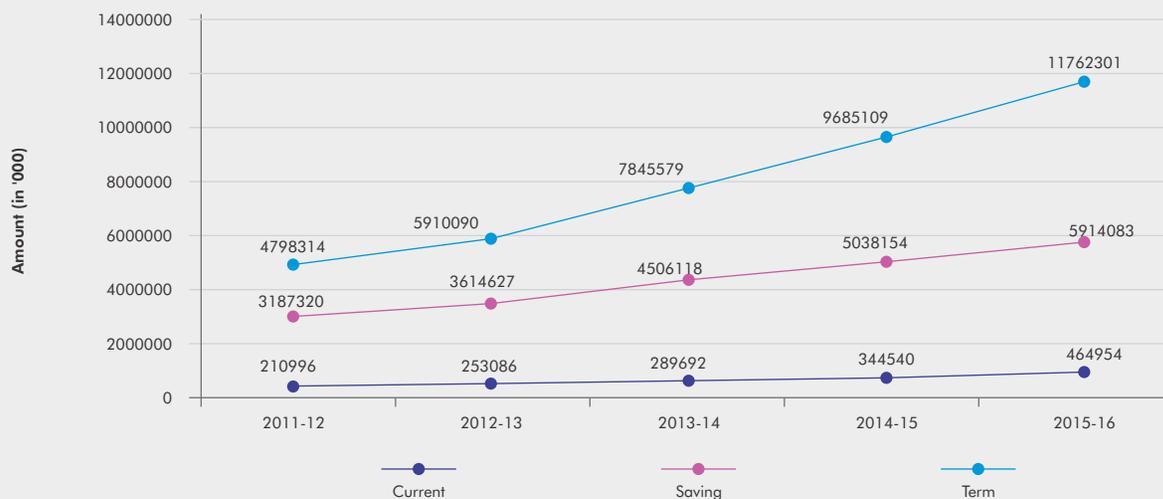

Profitability

In the economic scenario where the banking sector is facing multifarious challenges with a subdued growth, heightening asset quality concerns amidst weakening corporate balance sheets, your bank has been able to maintain a reasonable net profit amounting to ₹13.74 crores. However the bank has incurred a lot of operational expenses in the current year due to the transitional phase from a Local Area Bank to Small Finance Bank. Also the bank has made high provisioning for NPA's in the FY 2015-16. Due to these contributory factors, the net profit of the bank has declined marginally as compared to the last financial year. Also the decrease in the Net Profit of the bank could be attributed to the reduction in the yield on advances which are not in consonance with the yield on funds.

Income Profile

Deposits Profile

However with the conversion to Capital Small Finance Bank, the business of the bank is expected to grow manifold, therefore the expected profits of the bank in FY 2016-17 look very promising. Our Strategy

With the vision to be the most innovative and one of its kind in India, the Bank from its beginning has been implementing best of its strategies for serving the plethora of entrepreneurs, individuals as well as businesses. The Bank has made possible to bring world-class financial services at the doorsteps of unprivileged rural masses of India. Technology savvy, state-of-the-art branch network, one-stop financial-hub coupled with personal touch has been one of our strongest strategic tools to grow and optimize returns in the competitive environment. The Bank aspires to further enhance its profitability by adding new fund based and non-fund based products and reducing transaction costs by increasing transaction

volume through delivery channels. The strategy of the bank is empowered by competitive skills, valuable business principles, commitments and economic wisdom.

Great Customer Service

The Bank strives to provide great customer services for customer delight. Your bank strives to continue to provide best-in-class service across all its category of customers which will help the Bank in protecting and growing its brand equity. The immense opportunities lie ahead with commensurate responsibility for living up to our vision for delivering world class financial services at the door steps of less catered rural masses as well as expanding urban clientele. Extending the highest quality in service to its customers attracts top priority in our scheme of things. A Standing Committee on Customer Service of the board has been duly constituted which reviews the level of customer service in the Bank including customer complaints and the nature of their resolution and also ensures implementation of directives received from RBI with respect to rendering services to customers of

the Bank. The bank has made all the efforts to provide maximum customer satisfaction and quick services. The implementation of customer services measures is monitored during the visit of the executives to branches and also an internal committee has been set up at branch level for ensuring high standards of customer services rendered by the bank. The Standing Committee on Customer Service met 4 times during the financial year 2015-16.

Bank follows an integrated approach to managing risks and the processes are embedded in the fundamental business model. The Risk Management Landscape in the Bank covers the stages of identifying, assessing, measuring, managing, controlling and reporting risk concerns across all the risk classes viz. Credit, Market and Operational Risks. The Risk Management Policies adopted and reviewed periodically articulate, codify the strategy, structure, processes and systems to manage bank wide risks. Expanding business arenas, deregulation and globalization of financial activities, emergence of new

financial products and increased level of competition has necessitated the need for an effective and structured risk management practice in financial institutions. The Bank has adopted an integrated approach for the management of risk. Effective internal policies are developed in tune with the business requirements and best practices. Capital Bank has formulated 'Risk Management Policy' and an Internal Capital Adequacy Assessment Policy (ICAAP) for identifying and measuring various operational, credit and market risks. Operational risks are managed through comprehensive systems of internal control, establishing systems and procedures to monitor transactions, maintaining key back-up procedures and undertaking regular contingency planning. We constantly strive to enhance the risk management capabilities in accordance with the emerging regulatory guidelines and the broad risk management principles. The Bank reviews the risk management system and the progress made in implementing the RBI guidelines on risk management, on a quarterly basis. The Asset Liability Management Committee(ALCO), consisting of the Bank's senior management and the Managing Director, is responsible for ensuring adherence to the limits set by the Board as well as for deciding the business strategy of the bank (on the assets and liabilities sides) in line with the bank's budget and decided risk management objectives. Corporate Governance

The Bank puts utmost thrust on best corporate governance. Capital Small Finance Bank continues to believe in observing the best corporate governance practices and benchmarking itself against each practice on an ongoing basis. The Board of Directors and the Management of the Bank believe that a strong system of corporate governance is critically important to usher in a value-based organization that is socially responsible and commercially vibrant. The Bank is committed to adhering to the highest standards of corporate governance through constantly benchmarking itself against global best practices. The essence of the Bank's Corporate Governance philosophy flows from the following:

- The composition of the Board of Directors of the Bank is governed by the relevant provisions of the Companies Act, 2013, the Rules made thereunder and the provisions of the Banking Regulation Act, 1949 and as per the guidelines of the Reserve Bank of India.
- The Directors have distinguished themselves in different walks of life through experience and expertise.
- The Bank's Board has an optimum combination of executive and non-executive directors. The Board presently comprises of nine directors including one woman director and it provides diverse combination of professionalism, knowledge, expertise and experience as required in the banking business. The Board has five independent directors constituting more than one-half of its total membership strength and one women director.

- The Board is professional in character with a strong commitment to shareholder value, transparency, accountability, ethical standards and regulatory compliances.
- The Board's approach to and outlook on every aspect of governance is propelled by a keenness to further realization of the Bank's vision and mission. Capital Small Finance Bank has created robust global banking facilities and services in rural areas like 7-day banking, extended and uninterrupted working hours, anywhere and anytime banking, ATMs, mobile and internet banking, life and general insurance services which led to a shift in the financial services at a global level.

We consider it our inherent responsibility to disclose timely and accurate information regarding our financials and performance, as well as the leadership and governance of the company. We envisage attaining market leadership in our area and many of our branches have already become market leaders with respect to advances. We aim to be a banking industry bench mark in value creation and corporate citizenship. We believe that Corporate Governance becomes crucial for banks as they not only accept and deploy large amount of uncollateralized public funds in fiduciary capacity, but also leverage such funds through credit creation. In view of importance of the banking system for financial stability, sound corporate governance is not only relevant at the level of the individual bank, but is also a critical ingredient at the system level. As a part of good Corporate Governance practice, the Board reviews the various reports/returns as per the calendar of reviews set by the Reserve Bank

of India in addition to other reports on the working of our bank. The Board is responsible for approving the strategic direction, plans and priorities of the Bank, monitoring corporate performance against strategic business plans, including overseeing operating results on a regular basis to evaluate whether the business is being properly managed, overseeing the Bank's Corporate Governance framework.

d) Corporate Social Responsibility Committee and statutory disclosure.

Believing in the philosophy that society is not just another stakeholder in its business, but the prime purpose of our existence, your bank, in its various operations is committed to making a positive contribution in a number of ways. The Bank views Corporate Social Responsibility as its commitment to operate ethically and contributing to economic development while improving the quality of life of its employees as well as that of the local communities and society at large. Pursuing a vision towards the socioeconomic empowerment of under privileged and marginalized sections of society, the Bank reiterates its commitment to support social initiatives with a special focus on education, financial literacy and livelihood support. In compliance with Section 135 of the Companies Act, 2013 read with the Companies (Corporate Social Responsibility Policy) Rules 2014, the Bank has established Corporate Social Responsibility (CSR) Committee. The Bank has also designed a board approved Corporate Social Responsibility policy through which the bank aims to align our CSR strategy

with the solution to critical social, environmental and economic needs of the marginalized/ underprivileged sections of the society in order to benefit the communities at large and create social and environmental impact.

The Bank's planned CSR initiatives involve setting up a solid foundation of various programmes. For your bank, it is of paramount importance that the funds of the bank are utilized prudently to ensure maximum social benefit and development. So the initial time was taken to put in place processes, evaluate various projects and their execution timelines. Therefore all the CSR initiatives were in the pipeline in the last financial year the Bank could spend ₹14.15 lacs against ₹36.05 lacs being 2% of Average Net Profits for last 3 years. However as the ground work has been done, the bank is positive that the execution of the projects will begin in this financial year and the bank would spend the prescribed amount on the CSR initiatives. The Annual Report on Corporate Social Responsibility for the FY 2015-16 is attached as Annexure B to this report.

ANNUAL REPORT ON CSR ACTIVITIES

A brief outline of the Company's CSR policy, including overview of the projects or programs undertaken and a reference to the web-link to the CSR policy and projects or programs:

1. Policy statement

The CSR Policy focuses on addressing critical social, environmental and economic needs of the marginalized / underprivileged sections of the society. Through this policy we aim to align our CSR strategy with the solution to these problems in order to benefit the communities at large and create social and environmental impact.

2. Scope of Corporate Social Responsibility policy

The policy would pertain to all activities undertaken by the Bank towards fulfilling its corporate social responsibility objectives. The policy would also ensure compliance with section 135 of the Companies Act, 2013 and would include the activities as covered under Schedule VII to the Act and the Companies (Corporate Social Responsibility Policy) Rules, 2014 and as amended from time to time. This policy applies to all our CSR projects and it will be further reviewed and updated annually. As a practice, we classify only those projects that are over and above our normal course of business as CSR.

3. Governance structure:

The Bank will have a robust and transparent governance structure to oversee the implementation of our CSR Policy. The Bank has a CSR Committee which is duly

constituted in accordance with the provisions of the Act with respect to its composition and terms of reference. The CSR Committee will be responsible for the following:

- Formulate and update our CSR Policy, which will be approved by the Board of the bank
- Suggest areas of intervention to the Board of bank
- Approve projects that are in line with the CSR policy
- Put monitoring mechanisms in place to track the progress of each project
- Recommend the CSR expenditure to the Board of bank who will approve it
- Meet atleast once a year to review the progress made
- Give directions for the disbursement of funds

4. Corporate Social Responsibility Activities

The CSR Committee of the Bank would consider and approve the projects or programmes that the Bank should undertake as CSR. The Bank's focus shall be to adopt projects in the following key areas of intervention defined in Schedule VII. However the committee may undertake any activity as mentioned in Schedule VII of the Companies Act 2016 as a part of its Corporate Social Responsibility

- Eradicating extreme hunger and poverty
- Promotion of Education
- Promoting Gender equality and empowering women
- Reducing child mortality and improving maternal health
- Combating various diseases
- Environmental Sustainability

and maintaining ecological balance

- Socio- Economic Growth
- Health care and Family Welfare
- Employment enhancing vocational skills
- Contribution to the Prime Ministers National Relief fund and or any other fund set up by Central or State Government.

The Bank shall ensure a transparent monitoring mechanism for CSR activities.

1. The CSR Committee shall review the progress of CSR activities at least twice a year, including the annual review.
2. The Board of Directors shall review the progress of CSR activities at least annually.

The web link to the social initiatives of the bank is as follows:

<http://www.capitalbank.co.in/index.php/social-initiatives>

1. The Composition of the CSR Committee is as follows:
 - Mr. Sarvjit Singh Samra(Chairman)
 - Mr. Bhagwant Singh Sangha, (member)
 - Mr. Ranbir Singh (member)
2. Average net profit of the Company for last three financial years:

Rs. 1802.59 lacs
3. Prescribed CSR expenditure (i.e.two percent of the amount as in 3 above)

Rs. 36.05 lacs

4. Details of CSR spent during FY 2015-16:

| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 |
|------|--|---|---|---|--|--|---|
| S No | CSR Project or activity identified | Sector in which the project is covered | Projects or programs (1) Local Area or other (2) Specify the state and district where projects or programs was undertaken | Amount outlay (budget) project or programs wise | Amount spent on the projects or programs Sub- heads: (1) Direct expenditure on projects or programs. (2) Overheads | Cumulative expenditure upto the reporting period | Amount spent: direct or through implementing agency |
| 1 | Contribution towards relief and welfare in calamity affected areas | Contribution to CII Foundation for earthquake Relief Fund for Nepal | Nepal | - | ₹1 lac | ₹1 lac | Direct |
| 2 | Eradicating extreme hunger and poverty | Contribution to All India Pingalwar Charitable Society, Amritsar | Amritsar | - | ₹0.20 lacs | ₹0.20 lacs | Direct |
| 3 | Environmental Sustainability and maintain ecological balance | Green Belt Maintenance for Public Places | Jalandhar | - | ₹12.95 lacs | ₹12.95 lacs | Direct |

a) Total amount to be spent for FY 2015-16 - ₹36.05 lakh

b) Amount unspent, if any - ₹21.90 lakh

5. Reasons for not spending the 2% of average net profit of last three financial years:

The Bank's planned CSR initiatives involve setting up a solid foundation of various programmes. For your bank, it is of paramount importance that the funds of the bank are utilized prudently to ensure maximum social benefit and development. So the initial time

was taken to put in place processes, evaluate various projects and their execution timelines. Therefore all the CSR initiatives were in the pipeline in the last Financial year and the Bank could spend ₹14.15 lacs against ₹36.05 lacs being 2% of Average Net Profits for last 3 years. However as the ground work has been done, the bank is positive that the execution of the projects will begin in this

financial year and the bank would spend the prescribed amount on the CSR initiatives.

6. Responsibility statement of the CSR Committee:

The CSR Committee confirms that the implementation and monitoring of the CSR Policy, is in compliance with CSR objectives and Policy of the Company.

Management Discussion and Analysis

GLOBAL ECONOMIC PERSPECTIVE

The world economy continues to grow at a modest pace. The growth divergence between various regions has further widened in 2015, owing to differing impacts from the recent decline in the prices of oil and other commodities, as well as country-specific factors. While the recovery in developed economies is visible, many countries still face considerable headwinds from the legacies of the global financial crisis. The overall subdued performance of the world economy in recent years has raised concerns of a “new normal” of lower growth. The broad-based weakness in investment worldwide not only holds back current growth, but also reduces potential growth in the future.

Stagnant investment across economies remains the main drag on growth. Clouding the outlook is the continuing loss of momentum in EMEs, overlaid by the anticipated slowdown in China and tightening financial conditions. Global economic activity has slackened further and international trade remains subdued, while downside risks have increased. Weak demand and soft commodity prices have rekindled fears of deflation in some key AEs, prompting renewed divergence in monetary policy stances. With fragile domestic economic fundamentals, EMEs remain vulnerable to swings in market sentiments and capital outflows.

The major downside risks to the baseline outlook are related to the impact of the ongoing monetary policy normalization in the United States, ongoing uncertainties in the euro area, potential spillovers from geopolitical conflicts, and persistent vulnerabilities in emerging economies. To mitigate these risks and ensure a return to strong, sustainable and balanced growth, a broad set of policy measures at the domestic, regional and global level is needed.

Global Inflation

Overall global inflation continues to decline amid persistent negative output gaps and the drop in oil and food prices. This aggregate picture encompasses a wide range of diverse dynamics. In developed countries, inflation rates - and inflation expectations - have drifted downwards despite unprecedented expansionary monetary policies. Deflation risks remain in place, particularly in the euro area and Japan. In developing countries, lower oil prices have generally reduced inflationary and balance-of-payment pressures, giving central banks more room to tackle slowing growth. The overall impact on inflation differs widely across countries, depending on exchange rate trends, the importance of oil in consumer baskets, monetary policy stances and the extent of fuel subsidies.

International Trade

While prospects for global trade are improving, several factors will continue to limit the possibilities for trade to return to higher growth

patterns. These include lingering subdued global demand; limited prospects for large increases in trade growth as a result of trade agreements; and perhaps more limited scope for further integration of developing countries into the global trading system.

Global Employment

Against the backdrop of modest GDP growth, employment creation remains too weak to recover the jobs lost during the crisis and to absorb new market entrants. Unemployment is thus expected to remain elevated in many developed countries, while part-time jobs and lower labour force participation will remain major challenges.

International Capital Flows

The global financial markets continue to be driven by highly accommodative monetary policies in a low-inflation or deflationary environment in developed economies and weakening growth. The trade off between accommodative monetary policies and fear of fragile and dwindling economic growth has caused wide gyrations in asset prices during various phases of greed and fear. As a result, at times, sovereign and corporate bond yields have plummeted to record lows, while stock markets have reached new highs and then all of a sudden capital flight dragged stock prices sharply lower and hardened bond yields. Cross-border bank lending has also started to recover, but is still below the levels observed before the financial crisis. Capital flows to developing economies and

economies in transition have retreated, with persistent volatility. Given a subdued growth outlook for many of these economies and the US monetary policy normalization, the international capital flows have been negative with wide fluctuations and the trend is expected to be downwards going forward as well.

Global Exchange Rates

Global foreign exchange markets broadly tracked the equity markets, policy measures of central banks in systemically important economies and shifts in investors' risk assessments. The major trend on global foreign exchange markets has been the strength of the dollar. The overall trend of US dollar has been on the rising side during whole of the year, reaching multi-year highs against many currencies. Given uncertainties over the euro area outlook, the effects of a rise in US interest rates and the weakness in some emerging economies, foreign exchange volatility will likely remain elevated.

Global Monetary Policy

Monetary policy stances have been diverging across both AEs and EMEs. Growing divergence in the monetary policy stances of the United States and much of the rest of the world presents considerable macroeconomic policy challenges for many countries.

In December 2015, the Fed raised its policy rate after almost a decade – to a target range for the fed funds rate of 0.25-0.5 per cent. For the Fed, the key challenge is to manage the pace and sequence of normalizing the policy rate so as to maintain macroeconomic stability,

and support growth and employment, while at the same time preventing an unwarranted build-up in asset prices. For most other developed economies, risk of stagnation amid prolonged low inflation, sluggish growth, protracted weak aggregate demand and slow-paced structural reforms continue to warrant pro-active monetary policy stances, particularly in the euro area and Japan. The European Central Bank (ECB) expanded its QE programme in March, reduced the deposit rate further into negative territory (-0.4 per cent) and cut its policy rate to zero. While the aim of countries pursuing negative interest rates has been to improve domestic growth and inflation outlook, it has given rise to global concerns about financial stability. Monetary policy in EMEs has also been diversely stanced, reflective of varied macroeconomic conditions. China has aggressively cut deposit and lending rates and relaxed required reserves, to modulate the pace of economic slowdown. By contrast, South Africa raised its policy rate in November 2015 and January 2016 to curb inflationary pressures. Brazil and Russia continue to maintain high policy rates despite recession, as inflationary pressures remain elevated by large currency depreciation. India stands out as clear winner in terms of clarity and continuity in terms of targeting and adhering to sound macroeconomic principles. The Reserve Bank of India has done a commendable job, to first target inflation and bring it back within target zone of 6% in January 2016 and then take calibrated accommodative monetary policy stance and proactively cut interest rates to augment growth after having tamed down inflation.

Global Financial Markets

Global financial markets witnessed a roller coaster ride during the whole year 2015-16. The year gone by witnessed the first US Fed rate hike in almost a decade and it was accompanied with wide fluctuations in sentiment thanks to multiplicity of factors such as fears of crackdown of Chinese economy, dwindling global recovery and stagnating investments. The last quarter of FY 2015-16 started on a terrible note specially for global equity markets. Since the beginning of calendar year 2016, fears about weakening global growth have re-emerged, especially about China. Global equity markets dipped into 'bear' territory during January-February 2016, with equity prices retreating across all major markets. Bank equities, in particular, were hit hard in AEs and have fallen significantly since the beginning of the year. Net foreign portfolio flows to EME bond markets were mostly negative which kept yield rates high. In Q4 of 2015-16, financial market turbulence and a further sharp fall in oil prices aggravated worries about global growth, and government bond yields fell into negative territory in some AEs. The introduction of a negative deposit rate by Japan pushed its 10-year bond yield into negative zone, which spurred demand for other positive yielding treasuries and depressed their yields.

In sum, the global recovery has been slow and diverse with downside risks to global economic activity having increased. With global commodity prices and inflation expected to remain soft, monetary policy stances continue to be highly accommodative, but divergent. Financial markets remain vulnerable to volatility and flux in

capital flows and investor sentiment. There is urgent need of calibrated policy actions from decision makers all over the world to take consistent and objective steps to achieve price stability, curb heightened fluctuations in financial markets, achieve sustainable economic development and build strong socio-economic model for future success.

INDIAN ECONOMIC PERSPECTIVE

Despite a tough year for the economy and financial markets and limited progress on headline reforms during the FY 2015-16, India will remain one of the strongest growth stories in the world. The current cyclical recovery – coupled with improvements in the ease of doing business that have largely flown beneath the radar– as positive signs for India's long-term growth and corporate earnings environment.

The global macroeconomic and financial risks shifted from advanced to emerging economies with the latter facing pressures from weakening prospects of growth, falling commodity prices and strengthening of the dollar. However, the Indian economy appears quite resilient, given a modest recovery in the economy, declining inflation and buoyant capital flows. The long-term growth prospects of the Indian economy are positive due to its young population, corresponding low dependency ratio, healthy savings and investment rates, and increasing integration into the

global economy. And the outlook for short-term growth is also good as according to the IMF, the Indian economy is the "bright spot" in the global landscape.

With decline in oil and commodity prices, the Indian economy is expected to grow by 7.5 percent in 2015-16, 7.9 percent the next fiscal and 8 percent in 2017-18 as per the India Development Update report of the World Bank. Aided by a supportive external environment, in particular the sharp decline in oil and commodity prices, the Indian economy has taken strong strides towards higher growth and enhanced stability. Growth has picked up, inflation has declined, the current account deficit has narrowed, and external reserves have increased. However, the growth acceleration is conditional on the growth of investment picking up. Higher economic growth calls for fiscal reforms that protect public capital spending; financial sector reforms; and reforms in the business environment – all of which can help unlock private investments. The current situation offers an opportunity to further strengthen the business environment and enhance the quality of public spending. Continuous strong momentum in these reforms will further unleash the productivity that Indian firms need in order to create jobs and become globally competitive.

Demand and Output

Aggregate demand was restrained by stalling fixed investment, weak rural consumption and the ongoing fiscal consolidation. Domestic economic activity lost pace in the second half of 2015-16, slowed down by muted investment and a

prolonged contraction in exports. While private consumption has been the mainstay in holding up aggregate demand, it has largely been an urban phenomenon; rural consumption have generally remained weak or in negative territory. On the supply side though, some silver linings are discernible. Despite consecutive deficient monsoons and unseasonal weather more recently, foodgrains production is on course to post a modest improvement over the levels recorded a year ago. For industry, the deceleration in the volume of production has been more than offset by the decline in input costs. While service sector activity has been expanding at a reasonable pace.

Inflation and Inflationary Expectations

The swift fall in commodity prices specially crude oil prices has helped Indian Economy in taming down inflation and focus more rigorously on accelerating growth. The Reserve Bank of India has taken several commendable steps starting from targeting inflation and taking clear and consistent monetary policy action to achieve price stability and sustainable growth. The inflation targeting and taming inflation to below 6% by January 2016 has given the central bank leeway to push for growth and the RBI has taken proactive measures as well for quick and systematic transmission of policy action, to safe guard against external shocks of US interest rate decisions or global commodity prices as well as providing ample liquidity in the system so that business do not find any dearth of liquidity at any time. With the expectations of lower commodity

and crude oil prices along with confidence in consistent and mature policy action by the reserve bank of India, the inflationary expectations have also been pruned down.

Financial Sector

The regulatory and supervisory policy responses during the year included the initiatives for de-stressing the banking sector, reforming and recapitalization of the public sector banks (PSBs), strengthening the liquidity standards of the banks, monitoring the buildup of leverage in the banking system, convergence with the international accounting standards, policies relating to licensing and expansion of UCBs and making the banking sector more inclusive.

India's financial system remains stable and the relatively stronger macroeconomic fundamentals lend resilience to face the still prevailing uncertainty and emerging risks in the global economy and financial markets. However, the policy makers and stakeholders will need to remain watchful about the potential adverse impact of developments in the global scenario particularly increased volatility in financial markets and further slowdown in global trade.

Financial Markets and Liquidity Conditions

Various segments of the domestic financial market spectrum have been impacted by bouts of turmoil in global financial markets and heightened volatility. In view of the disruptions in normal functioning of these markets and the implications for monetary policy transmission, identifying, measuring and

managing spillovers has become a major challenge for domestic macroeconomic policies. In India, both domestic factors and global spillovers have conditioned movements in financial markets, though increasingly domestic factors appear to have played a more prominent role.

Money, bond and credit markets have been largely insulated from global spillovers, while foreign exchange and equity markets have experienced bouts of volatility. Liquidity conditions generally tightened in the second half of the year and proactive liquidity management alleviated pressure on money market rates. Long-term yields exhibited a tightening bias till February and risk spreads reflected both corporate sector stress and asset quality concerns in banks. Among domestic factors, liquidity conditions, market micro structure, inflation and fiscal outlook, and market concerns relating to asset quality of banks and corporate balance sheets have a prominent influence on market activity. Proactive liquidity management is critical to transmission, but by itself cannot prevent disruptions arising from overwhelming global developments.

Monetary Policy Stance

Two great achievements at the monetary policy front have taken place in the FY 2015-16. First, the inflation target of 6 per cent for January 2016 set for itself by the Reserve Bank and subsequently adopted formally under the Monetary Policy Framework Agreement (MPFA) was achieved. Since then, the Reserve Bank of India has shift its monetary policy stance to accommodative. The RBI

has cut interest rates and managed quick and universal transmission of the same in the system and has abated the inflation and inflationary expectations. Accordingly, the next milestone is set at 5 per cent for inflation by the end of 2016-17. Second, the Union Finance Minister announced, in his speech presenting the Union Budget for 2016-17, that the Reserve Bank of India Act is being amended to provide basis for a monetary policy framework and a Monetary Policy Committee (MPC). It is a big step which will add value and transparency to the monetary policy decisions.

Challenges to Economic Growth

There are challenges both at domestic and global level to cope with. On the global front:

- The biggest challenge remains to be the risks from potential tightening of the US monetary policy and the pace at which the US raises its interest rates. While the Reserve Bank of India has taken preventive measures to reduce external vulnerability, and has built international buffers as a first line of defense, the risk remains, warranting vigilance.
- With the developments in China and sluggish global trade growth would define the global economy going forward.
- The so called currency war which started with China devaluing its currency multiple times to augment its exports which had catastrophic impact of other emerging market currencies, can serious affect domestic price stability and international trade competitiveness.

- The fluctuations in global commodity prices and international capital flows can create downside risks going forward.

On the domestic front, risks arising from erratic climatic conditions, limited policy space, corporate performance, asset quality of financial institutions and low investment growth, among other factors, could pose challenges. To mention a few:

- While India's macro-economic fundamentals are relatively stronger, domestic demand and private investment are still not picking up, underscoring the need to step up public investments.
- While the ratio of short term external debt to forex reserves has been moderating, attracting robust capital flows to finance the current account deficit will require continuous thrust on structural reforms and improving the ease of doing business.
- In the corporate sector, declining profitability, high leverage and low debt servicing capacity continue to cause concern with their attendant adverse impact on the financial sector, notwithstanding a marginal improvement observed during the first half of current financial year.

Overall, India's relatively stronger macroeconomic fundamentals in terms of growth, inflation, current account and fiscal deficits provide a reasonable degree of resilience to Indian economy and financial system in the event of spill-over effects from global factors. However, with the continued uncertainty over global growth and

in the absence of effective international monetary policy coordination, there can be no room for complacency.

India stands at a once in a generational take off stage where the structural reforms including but not limiting to the timely implementation of the Goods and Services Tax (GST); rationalizing current expenditures, especially on subsidies; delivering on divestment plans, ensuring greater tax buoyancy, encouraging PPP projects; and addressing balance sheet issues of public sector banks are must to kick off to ten percent plus growth rate on a sustainable basis.

Internal Control and Audit

The bank is committed and believes in absolute functional autonomy and well-being of internal control and audit so that the functioning of the bank is proper and all the regulatory and internal standards are met with. To be in line with the changing economic environment, Capital Bank has resorted towards enhancing its risk management systems. Utmost importance is given to proper maintenance and safety of public money, while providing all the banking services and fulfilling prudent risk-mitigation and risk management principles. We believe in maintaining highest standards of internal control and taking proactive steps and rigorous monitoring of the bank's overall operations. A well-developed committed Internal Audit Team and Compliance department is working at an independent level for evaluating the adequacy of all internal controls and ensuring adherence to internal procedures as well as regulatory and legal requirements. The Internal Audit

and Compliance department has direct reporting to the Managing Director. The Team has initiated a few new improvements in FY 2016 that are expected to further assist in proactively identifying risks in changing business dynamics and assist in improving overall control environment. All the branches are subject to regular inspections along with short inspections in between two regular inspections and various other audits, viz; concurrent audit of FFMC, revenue audit, IS audit etc. Further, concurrent audit of branches is also being done as per concurrent audit policy of our bank. The Bank has a system of rating the quantitative and qualitative performance of the branches in all the critical functional areas. The Audit Committee of the Board reviews the performance of the effectiveness of controls and compliances with regulatory guidelines and reviews the internal audit reports. The Bank has also introduced an irregularities eradication system for prompt rectification of irregularities and avoidance of recurrence. The system is reviewed and revised from time to time depending on the changing business conditions. As a result of the improvements initiated last year, Internal Control and Audit is continuously emerging as a unit providing valuable inputs for improving the overall risk management and controls.

Energy Conservation and Information Technology

The company being banking company, the energy consumed by the bank during this period is only in the form of electricity and diesel used in generators. The company has allocated specific cost budgets for the same in Head Office and all

its branches to reduce electric waste and the same is monitored on periodical basis. Other measures like use of LEDs, power saver air conditioning equipment's etc are being installed for conserving the energy. There is no capital investment on energy conservation equipment other than specified above.

We at CAPITAL SMALL FINANCE BANK LIMITED (CSFB) believe that the banks with the ability to adopt and integrate information technology will dominate in the highly competitive domestic market. Accordingly CSFB continues to leverage information technology as a strategic tool in business operations for customer delight by offering efficient and improved services with low cost and using it as a tool to improve staff productivity, increasing efficiency and more efficient & effective control over banking operations.

Independent Auditor's Report

To the members of CAPITAL SMALL FINANCE BANK LIMITED (Previously known as CAPITAL LOCAL AREA BANK LIMITED)

1. We have audited the accompanying financial statements of CAPITAL SMALL FINANCE BANK LIMITED (Previously known as Capital Local Area Bank Limited) (here in referred to as 'the Bank'), which comprise the Balance Sheet as on 31 March 2016, the Profit and Loss Account, the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

2. The Bank's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation of the financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Bank in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 as amended by Companies (Accounting Standards) Amendment Rules, 2016 and provisions of Section 29 of the Banking Regulation Act, 1949 and circulars and guidelines issued by the Reserve Bank of

India ('RBI') from time to time. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Bank and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the financial statements based on our audit.
4. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the rules made thereunder.
5. We conducted our audit of the Bank including its branches in accordance with Standards on Auditing ('the Standards') specified under section 143(10) of the Act. Those standards

require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements.

6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Bank's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Bank's Directors, as well as evaluating the overall presentation of the financial statements.
7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Banking Regulation Act, 1949 as well as the Companies Act, 2013 in the manner so required for banking companies and give a true and fair view in conformity with accounting principles generally accepted in India of the state of affairs of the Bank as at 31st March, 2016, and its profit & loss and its cash flows for the year then ended.

Report on Other Legal and Regulatory Requirements

9. The Balance Sheet and the Profit and Loss Account have been drawn up in accordance with the provisions of Section 29 of the Banking Regulation Act, 1949 read with Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 as amended by Companies (Accounting Standards) Amendment Rules, 2016.

10. As required by sub section (3) of section 30 of the Banking Regulation Act, 1949, we report that:

- a) We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit and have found them to be satisfactory;
- b) The transactions of the Bank, which have come to our notice, have been within the powers of the Bank.

c) The returns received from the offices; and branches of the Bank have been found adequate for the purposes of our audit.

11. Further, as required by section 143(3) of the Act, we further report that:

- i. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- ii. In our opinion, proper books of account as required by law have been kept by the Bank so far as it appears from our examination of those books.
- iii. The Balance Sheet, the Profit and Loss Account and the Cash Flow Statement dealt with by this report are in agreement with the books of account.
- iv. In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014, as amended by companies (Accounting Standard) Amendment Rules 2016 to the extent they are not inconsistent with the accounting policies prescribed by RBI;
- v. On the basis of written representations received from the directors as on 31 March 2016 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2016 from being appointed as a director in terms of Section 164 (2) of the Act; and

vi. With respect to the adequacy of the internal financial controls over financial reporting of the Bank and the operating effectiveness of such controls, refer to our separate report in "Annexure A".

vii. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- a) The Bank has disclosed the impact of pending litigations on its financial position in its financial statements -
Refer Schedule 18 - Note 11(a) to the financial statements;
- (b) The Bank did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as certified by the management and
- (c) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Bank.

Annexure A to the independent auditor's report of even date on the financial statements of Capital Small Finance Bank Limited (Previously known as CAPITAL LOCAL AREA BANK LIMITED)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

1. We have audited the internal financial controls over financial reporting of CAPITAL SMALL FINANCE BANK LIMITED (Previously known as CAPITAL LOCAL AREA BANK LIMITED) (here in referred to as 'the Bank') as at 31 March 2016 in conjunction with our audit of the financial statements of the Bank for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Bank's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('the ICAI').

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business,

including adherence to bank's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ('the Act').

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Bank's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') and the Standards on Auditing ('the Standards'), issued by the ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over

financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Bank's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

6. A bank's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A bank's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the bank; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the bank are being made only in accordance with authorizations of

management and directors of the bank; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the bank's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Bank has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Schedule 17: Significant Accounting Policies Appended to and Forming Part of the Financial Statements for the Year Ended March 31, 2016

Overview

Capital Local Area Bank Limited ('The Bank') a banking company incorporated under The Companies Act, 1956, is engaged in providing a wide range of banking and financial services including retail & commercial banking and treasury operations. The Bank is governed by the Banking regulation Act, 1949.

Capital Local Area Bank Limited has been converted into Capital Small Finance Bank Limited on April 24, 2016 pursuant to License number MUM: 116 granted by Reserve Bank of India. Further Registrar of Companies has issued pursuance to change of name, Certificate of Incorporation on April 15, 2016.

Basis of Preparation

The Financial Statements have been prepared on Historical Cost Basis following accrual basis of accounting and conform to the statutory provisions to the extent applicable, accounting standards & pronouncements issued by The Institute of Chartered Accountants of India, the guidelines issued by the Reserve bank of India (RBI) from time to time and practices generally prevailing in the Banking Industry in India, except as otherwise stated.

The preparation of financial statements require the management to make estimates and assumptions that are considered in the reported amount of assets and liabilities

(including contingent liabilities) as in the financial statements and the reported income and expenses during the reporting period. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable.

Significant Accounting Policies

1. INVESTMENTS

In accordance with the Reserve Bank of India guidelines, investments are categorized into "Held for Trading", "Available for Sale" and "Held to Maturity". Under each category the investments are further classified in six classes - Govt. Securities, Other Approved Securities, Shares, Debentures and Bonds, Investments in Subsidiaries / Joint Ventures and Other Investments.

a. Basis of classification

Securities that are held principally for resale within 90 days from the date of purchase are classified as "Held for Trading".

Securities that the bank intends to hold till maturity are classified as "Held to Maturity".

Securities that cannot be classified in the above two categories are

classified as "Available for Sale".

An investment is classified as Held for Trading, Available for Sale and Held to Maturity at the time of its purchase. Reclassification, if any, in any category is accounted for as per the RBI guidelines.

b. Valuation

The valuation of investments is done in accordance with the Reserve Bank of India guidelines:

Held for Trading:

Individual Scrips in this category are marked to market at monthly intervals and the depreciation if any is recognized in the profit & loss account.

Held to Maturity

These are valued at acquisition cost except where the acquisition cost is higher than the face value, in which case, such excess of acquisition cost over the face value is amortized over the remaining maturity period. A provision is made for other than temporary diminution.

Available for Sale

Individual Scrips in this category are marked to market at quarterly intervals. While the net depreciation under each classification is fully provided for in profit & loss account, the net appreciation if any for each classification is ignored.

c. Broken Period Interest

Broken Period Interest on Debt Instruments is treated as a Revenue item.

d. Transfer of Security between Categories

Transfer of Securities from one category to another is carried out at Acquisition cost or Book Value or Market Value, whichever is lower on the date of transfer and the depreciation, if any, on such transfer is fully provided for.

e. Profit on Sale of Investment

Profit on sale of investments in the 'Held to Maturity, category is credited to the Profit & Loss Account and is thereafter appropriated (net of applicable taxes and statutory reserve requirements) to capital reserve. Profit on sale of investments in 'Available for Sale' and 'Held for Trading' categories is credited to Profit & Loss Account.

2. ADVANCES

In accordance with the Reserve

Bank of India guidelines, advances are classified as Performing or Non Performing based on recovery of principal/ interest. Provisions on Advances are made in accordance with the Reserve Bank of India's guidelines/directives, as under:-

- a. All advances are classified under four categories i.e. (a) Standard Assets, (b) Sub-standard Assets, (c) Doubtful Assets and (d) Loss Assets.
- b. Specific provisions in respect of non performing advances are based on the management's assessment of the degree of impairment of wholesale and retail advances, subject to the minimum provisioning level prescribed in the Reserve Bank of India guidelines.
- c. Provisions on Standard Assets are made @ 0.40% of the outstanding advances. However provision for banks direct advances to agriculture and SME sectors is made @ 0.25%, commercial real estate sector is made @ 1%, commercial real estate – residential housing sector at 0.75% and housing loans at teaser rates @ 2% in pursuance to RBI circulars issued from time to time. Further the same is shown under the head 'Other Liabilities'.
- d. Unrealized Interest of the previous year on Advances which became Non-Performing during the year is provided for.
- e. Provisions in respect of NPA's are deducted from Advances.
- f. Provisions are made on

gross basis. Tax effects are accounted for in the year of write off.

3. FIXED ASSETS

- a. Fixed assets are capitalized at cost which comprises of cost of purchase, site preparation, installation cost & professional fees incurred on the asset before the same is put to use.
- b. Depreciation of the fixed assets is charged over the useful life as estimated by the management on a Straight line basis.
- c. Depreciation for key fixed assets for the year are provided as under:
 - Improvement to Lease Hold Premises is charged off over the primary period of lease or useful life of the asset whichever is less.
 - The rates of depreciation for key fixed assets, which are not lower than the rates, calculated on the basis of the useful life specified in the Schedule II of the Companies Act 2013, as detailed below:

- All other Assets are depreciated on the rates, calculated on the basis of useful life specified in the Schedule II of the Companies Act 2013, as detailed below:

| Asset | Depreciation rate per annum |
|-----------------------|-----------------------------|
| Office Machinery | 6.33% |
| Furniture & Fixture | 9.50% |
| Motor Vehicle: | |
| Motor Car | 11.88% |
| Two Wheeler | 9.50% |
| Cycle | 9.50% |

- d. Depreciation on assets sold or disposed of during the year is provided for up to the date of sale.
- e. Depreciation on assets purchased or acquired during the year is provided for from the date they are being put to use.
- f. In case of revalued/ impaired assets, depreciation is provided over the remaining useful life of the assets with reference to revised assets values.

4. TRANSACTIONS INVOLVING FOREIGN EXCHANGE

Monetary Assets & Liabilities are translated at the Closing Spot Rate of exchange prevailing at the close of the year as notified by Foreign Exchange Dealers Association of India (FEDA).

The resulting differences are accounted for as income/expenditure.

5. REVENUE RECOGNITION

Income & Expenditure are accounted on accrual basis except in the following cases:

- a. Interest on Non-Performing Assets is recognized on realization basis as per RBI guidelines.
- b. Interest which remains overdue for 90 days on securities not covered by Government Guarantee is recognized on realization basis as per RBI guidelines.
- c. Commission (other than on Deferred Payment Guarantees and Government Transactions), Exchange and Brokerage are recognized on realization basis.
- d. Interest on Overdue Bills is recognized on Realization Basis as per RBI guidelines.

6. NET PROFITS

The Net Profits have been arrived at after:-

- a. Provisions of Income Tax and Wealth Tax in accordance with the statutory requirements.
- b. Provisions on Advances
- c. Adjustments to the value of Investments
- d. Other usual and necessary provisions.

7. RETIREMENT BENEFITS

- a. Defined contribution

towards Provident Fund is accounted for as per statutory requirements debited to the profit & loss account of the same year.

- b. The Bank contributes for Gratuity, a defined benefit retirement plan, covering all employees which is determined as per Actuarial valuation done on year end basis, charged to profit and loss account, and contributions are deposited to a fund maintained by ICICI Prudential Life Insurance under separate Trust set up by the Bank.
- c. Liability towards leave encashment on retirement or on termination of service of an employee is valued and provided for on the basis of actuarial valuation done on year end basis.

8. SEGMENT REPORTING

The business of the Bank is divided into four segments: Treasury, Retail Banking, Corporate/Wholesale Banking and Other Banking Business. These segments have been identified based on the RBI's revised guidelines on Segment Reporting vide Circular No. DBOD. No. BP.BC. 81/ 21.04.018/ 2006-07 dated April 18, 2007. The principal activities of these segments are as under.

a. TREASURY

The treasury segment primarily consists of interest earnings from the Bank's investments portfolio and gains or losses on investment operations.

b. RETAIL BANKING

The retail banking constitutes lending to individuals/small businesses subject to the orientation, product and granularity criterion and also includes low value individual exposures not exceeding the threshold limit of ₹5 crores as defined by Reserve Bank of India. Retail banking also includes liability products and NRI services.

c. CORPORATE/WHOLESALE BANKING

This segment includes corporate/wholesale relationships not included under retail banking.

d. OTHER BANKING BUSINESS

This segment includes para banking activities and other banking transactions not covered under any of the above three segments.

9. LEASES

Lease where the lessor effectively retains substantially all the risks and benefits of ownership of the leased term, is classified as operating lease. Operating lease payments are recognised as an expense in the Profit and Loss Account on a straight-line basis over the lease term.

10. EARNING PER SHARE

The Bank reports basic and diluted earnings per equity share in accordance with AS-20 issued by ICAI. Basic

earnings per share are computed by dividing net income by the weighted average number of equity shares outstanding for the period. Diluted earnings per equity share are computed using the weighted average number of equity shares & diluted potential equity shares outstanding during the period.

11. INCOME TAX

Income Tax Expense (Current & Deferred) is accounted for in accordance with AS 22 - "Accounting for Taxes on Income", issued by ICAI. Current Tax is determined as the amount of tax payable in respect of taxable income for the year. Deferred Tax is recognized, subject to the consideration of prudence on timing differences, being the difference between the taxable income & accounting income that originate in one period and is capable of reversal in one or more subsequent years.

12. IMPAIRMENT OF ASSETS

In accordance with the accounting standard 28 issued by ICAI, impairment of the assets is determined by comparing the carrying amount of the asset and the recoverable amount and if the recoverable amount is less than the carrying amount the difference is charged to profit and loss account. Recoverable amount is calculated by using the value in use method for each cash generating unit.

13. ACCOUNTING FOR PROVISIONS, LIABILITIES AND CONTINGENT ASSETS

The Bank estimates the probability of any loss that might be incurred on outcome of contingencies on the basis of information available upto the date on which the financial statements are prepared. A provision is recognized when an enterprise has a present obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are determined based on management estimate required to settle the obligation at the balance sheet date, supplemented by experience of similar transactions. These are reviewed at each balance sheet date and adjusted to reflect the current estimates. In cases where the available information indicates that the loss on the contingency is reasonably possible but the amount of loss cannot be reasonably estimated, a disclosure is made in the financial statements. In case of remote possibility neither provision nor disclosure is made in the financial statements. The Bank does not account for contingent assets, if any.

14. CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash in hand, balance with RBI, balances with other banks and money at call and short notice.
